Notice of Final Federal Agency Actions on Transportation Project in Washington State

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA.

SUMMARY: This notice announces actions taken by the FHWA that are final. The action relates to the creation of a reversible north-south transit and high occupancy vehicle lane connecting Mercer Street and SR 520 along the I-5 express lanes and other associated design refinements associated with SR 520, I-5 to Medina construction in the City of Seattle, King County, State of Washington.

DATES: A claim seeking judicial review of the Federal agency actions on the listed highway project will be barred unless the claim is filed on or before April 10, 2020. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Susan Wimberly, Field Operations Team Leader, Federal Highway Administration, 711 S. Capitol Way, Suite 501, Olympia, WA 98501-1284, 360-753-9480, or Washington.FHWA@dot.gov; or Margaret Kucharski, Megaprograms Environmental Manager, Washington State Department of Transportation, 999 3rd Ave, Suite 2200, Seattle, WA 98104, 206-770-3500, or Margaret.Kucharski@wsdot.wa.gov.

²⁸ 17 CFR 200.30-3(a)(12)

SUPPLEMENTARY INFORMATION: On September 7, 2011, FHWA published a “Notice of Final Federal Agency Actions on Proposed Highway in Washington” in the **Federal Register** at 76 FR 55459 for the SR 520, I-5 to Medina: Bridge Replacement and HOV Project. Notice is hereby given that, subsequent to the earlier FHWA notice, FHWA has taken final agency actions within the meaning of 23 U.S.C. 139(l)(1) by issuing a NEPA re-evaluation for the SR 520 SR 520, I-5 to Medina: Bridge Replacement and HOV Project: I-5 Design Refinements (hereafter “re-evaluation”). The action(s) by FHWA and the laws under which such actions were taken, are described in the re-evaluation and the associated agency records. That information is available by contacting FHWA at the addresses provided above.

The project proposed to improve safety and mobility for people and goods across Lake Washington by replacing the SR 520 Portage Bay and Evergreen Point bridges and improve existing roadway between Interstate 5 (I-5) in Seattle and Evergreen Point Road in Medina spanning 5.2 miles. The Final Environmental Impact Statement (EIS) for the project was published in January 2011 and the Record of Decision (ROD) was issued in August 2011.

Since issuance of the FHWA ROD, the design and construction approach has been refined such that a reversible north-south transit and high occupancy vehicle lane connecting Mercer Street and SR 520 along the I-5 express lanes would be constructed; and additional design changes would be implemented, including stormwater treatment improvement, revisions to the heights of proposed retaining walls, and replacement of fiber optic cable within the I-5 right-of-way. The re-evaluation considering these refinements was prepared in October 2019. It identifies and documents potential effects associated with the refinement. This notice only applies to the re-evaluation.

Information about the re-evaluation and associated records are available from FHWA and WSDOT at the addresses provided above and can be found at: <https://www.wsdot.wa.gov/Projects/SR520Bridge/Library/I5Medina.htm>. Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2018–0246]

Hours of Service of Drivers: HEPACO, LLC; Heritage Environmental Services, LLC; Lewis Environmental, Inc.; and Moran Environmental Recovery, LLC; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to deny the joint application from HEPACO, LLC; Heritage Environmental Services, LLC; Lewis Environmental, Inc.; and Moran Environmental Recovery, LLC, for exemption from the hours-of-service (HOS) regulations for drivers engaged in providing direct assistance in actual and potential environmental emergencies. FMCSA analyzed the exemption application and the public comments received in response to the Agency’s August 9, 2018, notice announcing receipt of the request. The Agency has concluded there is no basis for determining that the terms and conditions of an exemption would achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption.

DATES: This decision is effective November 12, 2019.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Clemente, FMCSA Driver and Carrier Operations Division; Telephone: (202) 366–2722; email: MCPSPD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366–9826.
