SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5174, as amended by the Disaster Mitigation Act of 2000 (Pub. L. 106-390), authorizes the President to provide temporary housing units, including manufactured housing units, recreational vehicles and other readily fabricated dwellings to eligible applicants who, as a direct result of a major disaster or emergency, are unable to occupy their primary residence or obtain adequate alternate housing, and therefore require temporary housing. Requirements for disaster-related housing needs of individuals and households who are eligible for temporary housing assistance may be found in 44 CFR 206.117—Housing Assistance. The information collected is used to determine the feasibility of a potential site for placement of temporary housing units (THUs) to ensure the THUs are ready for applicant occupancy, and to confirm applicant understanding of the requirements of occupancy of the THUs. The information will also provide FEMA with access to place the THUs, to document the installation and maintenance of the THUs, and to retrieve the THUs at the end of their use.

FEMA is revising this collection to add two instruments that are currently approved under 1660-0002—Disaster Assistance Registration, FEMA Form FF-104-FY-21-127 (formerly 009-0-5), Direct Temporary Housing Assistance Revocable License and Receipt for Government Property (Revocable License) and its Spanish translation FF-104-FY-21-127-A (formerly 009-0-6), Asistencia Directa para Vivienda Temporal Licencia Revocable y Recibo de Propiedad Gubernamental (Licencia Revocable). These instruments will be better aligned for their use in this collection.

FEMA is also adding a new instrument, FEMA Form FF-104-FY-

25-101, Right of Entry. This instrument is used to obtain the landowner consent to inspect and determine feasibility of their property for the placement of Transportable Temporary Housing Unit (TTHUs).
