### Economic Research Service

*Title:* Food Security Supplement to the Current Population Survey.

*OMB Control Number:* 0536-0043.

*Summary of Collection:* The Food Security Supplement is sponsored by the Economic Research Service (ERS) as a research and evaluation activity authorized under Section 17 of the Food Stamp Act of 1977. ERS is collaborating with the Food and Nutrition Service (FNS) and the Bureau of Census to continue this program of research and development. The Food Stamp Program (FSP) is currently the primary source of nutrition assistance for low-income Americans enabling households to improve their diet by increasing their food purchasing power. As the nation's primary public program for ensuring food security and alleviating hunger, USDA needs to regularly monitor these conditions among its target population. This need requires that USDA continue basic data collection, analysis, and evaluation.

*Need and Use of the Information:* ERS will collect information from the Current Population Survey Food Security Supplement to routinely obtain data from a large, representative national sample in order to develop a measure that can be used to track the prevalence of food insecurity and hunger within the U.S. population, as a whole, and in selected population subgroups, and to continue development and improvement of methods for measuring these conditions. The data collected will partially fulfill the requirements of the Congressionally mandated 10-Year Plan for the National Nutrition Monitoring and Related Research Program.

*Description of Respondents:* Individuals or Households.

*Number of Respondents:* 56,200.

*Frequency of Responses:* Reporting: On occasion.

*Total Burden Hours:* 7,155.
