

of the Plan includes objectives at both the individual and system levels. For example, the technology for access and function area of the Plan includes research objectives to develop AT that supports people with disabilities to function and live independently and obtain better employment outcomes, and research objectives to promote improved access to the built environment and concepts of universal design. It is clear that the challenges and opportunities for AT and improved environmental access reflect all of the priority areas of the Plan.

Priority 4

We will establish research projects to involve community-based disability organizations in AT and environmental access research leading to practical and affordable solutions to identified problems and needs, and building research capacity at the community level and in community-based organizations serving persons with disabilities.

In carrying out these purposes, a project must:

(a) From the examples of research objectives below, conduct a significant and substantial research program on the involvement of community-based disability organizations in promoting technology for access and function that will contribute to the advancement of knowledge in accordance with the Plan by:

- Investigating and developing research questions, methodologies, and recommendations for use by other research entities in solving technology-related, engineering, psychosocial, economic and other problems at the individual and systems levels, in the United States (U.S.); and

- Designing and testing models for partnership of community-based disability organizations in research, participant observation studies and other qualitative and quantitative research approaches to using technology in community-based settings;

(b) Disseminate findings from community-based research to persons with disabilities, their representatives, disability and rehabilitation service providers, researchers, planners, and policy makers; and

(c) Describe how the applicant will develop research capacity among individuals with disabilities at the community level.

In carrying out these purposes, the project must:

- Coordinate with appropriate federally funded projects. Coordination responsibilities will be identified through consultation with the NIDRR

project officer and may include outreach to specific NIDRR DRRPs, RERCs, Rehabilitation Research and Training Centers (RRTC's), Disability Business Technical Assistance Centers (DBTAC's) and AT Projects; Office of Special Education technology projects and Parent Training and Information Centers; and Rehabilitation Services Administration training, special demonstration, and IL projects.

- Involve individuals with disabilities in key decision-making.
- Participate in a formative review session to be convened by the Resource Center within six months of award, and cooperate with the Resource Center's capacity-building and evaluation activities.
- Participate in a state-of-the-science conference in the third year of the grant.

Selection Criteria

The selection criteria to be used for these competitions will be provided in the application package for each competition.

DEPARTMENT OF EDUCATION

[CFDA No.: 84.133A]

Office of Special Education and Rehabilitative Services; National Institute on Disability and Rehabilitation Research

ACTION: Notice inviting applications for fiscal year (FY) 2001 new awards and announcement of pre-application meetings.

SUMMARY: We invite applications for new FY 2001 grant awards for four Disability and Rehabilitation Research Projects and Centers Program (DRRP) on: (1) Assistive Technology Outcomes and Impacts, (2) Assistive Technology Research Projects for Individuals with Cognitive Disabilities, (3) Resource Center for Community-based Research on Technology for Independence, and (4) Community-based Research Projects on Technology for Independence.

Purpose of the Program

The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973. We take this action to focus research attention on an area of national need. The priorities are intended to improve rehabilitation services and outcomes for individuals with disabilities.

National Education Goals

The eight National Education Goals focus the Nation's education reform efforts and provide a framework for improving teaching and learning.

This notice addresses the National Education Goal that every adult American will be literate and will possess the knowledge and skills necessary to compete in a global economy and exercise the rights and responsibilities of citizenship.

Applicable Regulations

The Education Department General Administrative Regulations (EDGAR), 34 CFR Part 74, 75, 77, 80, 81, 82, 85, 86 and 97; and the following program regulations: Disability Rehabilitation Research Projects and Centers—34 CFR part 350, and the Notice of Final Priority published elsewhere in this issue of the **Federal Register**.

Pre-Application Meeting

Interested parties are invited to participate in pre-application meetings to discuss the funding priorities. In each meeting you will receive technical assistance and information about the funding priority. You may attend the

meetings either in person or by conference call at the Department of Education, Office of Special Education and Rehabilitative Services, Switzer Building, Room 3065, 330 C St. SW., Washington, DC between 10:00 a.m. and 12 noon. NIDRR staff will also be available at this location from 1:30 p.m. to 4:00 p.m. on that same day to provide technical assistance through individual consultation about the funding priority.

Pre-Application Meeting Dates

The pre-application meeting for both the Resource Center for Community-based Research on Technology for Independence and Community-based Research Projects on Technology for Independence priorities will be held on July 11, 2001. For further information or to make arrangements to attend the July 11, 2001 meeting contact Dawn Carlson, Switzer Building, room 3421, 400 Maryland Avenue, SW., Washington, DC 20202.
