Title: U.S. Income Tax Return for Individual Taxpayers.

OMB Control Number: 1545-0074.

Form Number: Form 1040 and affiliated return forms.

Abstract: IRC sections 6011 & 6012 of the Internal Revenue Code require individuals to prepare and file income tax returns annually. These forms and related schedules are used by individuals to report their income subject to tax and compute their correct tax liability. This information collection request (ICR) covers the actual reporting burden associated with preparing and submitting the prescribed return forms, by individuals required to file Form 1040 and any of its' affiliated forms as explained in the attached table.

Current Actions: There have been changes in regulatory guidance related to various forms approved under this approval package during the past year. Additionally, there have been additions and removals of some forms included in this approval package. The number of estimated filers for FY22 has been increased based on data on the number of Tax Year 2021 Form 1040 filings and IRS models have been updated to account for macroeconomic inputs such as inflation. Overall, updated tax return data adjustments result in a slightly lower average time burden per response and a slightly higher out-of-pocket cost per response.
