Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Notice of Supplemental Distribution of a Registered Pesticide Product

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "Notice of Supplemental Distribution of a Registered Pesticide Product" (EPA ICR No. 0278.11, OMB Control No. 2070-0044) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a renewal of the ICR that is currently approved through July 31, 2013. The ICR, which is abstracted below, describes the nature of the information collection activity and its expected burden and costs. Copies of the ICR and related documents are available in the docket.

DATES: Additional comments may be submitted on or before August 21, 2013.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OPP-2012-0544, to (1) EPA online using <http://www.regulations.gov> (our preferred method), by email to opp.ncic@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Lily G. Negash, Field & External Affairs

Division, (Mail Code 7506P), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: 703-347-8515; fax number: (703) 305-5884; email address: negash.lily@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at <http://www.regulations.gov> or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: This information collection activity notifies the Environmental Protection Agency (EPA) of supplemental distribution of registered pesticide products. As mandated by the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, EPA is responsible for the regulation of pesticides. Section 3 (e) of FIFRA (7 U.S.C. 136a (e)) allows pesticide products with the same formulation, label claims, and manufacturer as a registered product to be distributed under the same registration as the basic product. Pesticide registrants may distribute or sell registered pesticides under a different product name in addition to the registered name, or under a different entity's name and address. Such distribution and sale is termed "supplemental distribution" and the product is termed a "distributor product." EPA requires pesticide registrants who enter into supplemental distribution agreements with other companies to submit EPA Form 8570-5, *Notice of Supplemental Distribution of a Registered Pesticide Product*. Supplemental registrations are only an extension of a currently federally registered pesticide product.

Distributor products must reflect any changes in formulation or labeling made to the basic registered product within the same timeframe imposed on that product. A distributor is considered an agent of the registrant; both the registrant and the distributor may be held liable for violations pertaining to the distributed product. In addition to notifying the Agency, an individual or entity may become a distributor upon meeting the regulatory conditions. Distributor products must be the same as the registered product, and may not be repackaged (must remain in the producer's unopened container); distributor product labels must bear

qualifications such as "distributed by," or "sold by;" the labeling must bear the same claims as the basic registered product—with the exception of deletion of specific claims. In addition, although the distributed product's name may be different from that of the registered product, it may not be misleading. Product distributorship data submitted by basic product registrants under FIFRA Section 3(e) are considered by the Office of Pesticide Programs (OPP) to contain no confidential business information (CBI).

Form Numbers: EPA Form 8570-5.

Respondents/affected entities:

Pesticide and other Agricultural Chemical Manufacturing; individuals or firms engaged in activities related to the registration and supplemental distribution of a pesticide product.

Respondent's obligation to respond:

Required to obtain or retain a benefit.

Estimated number of responses: 1,451 per year (total).

Frequency of response: Once per event.

Total estimated burden: 387 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$34,505 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 68 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is an adjustment to account for a previously unaccounted-for additional activity involved in some of the responses.

John Moses,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9836-3]

Request for Nominations of Experts for the Clean Air Scientific Advisory Committee (CASAC) Sulfur Oxides Primary National Ambient Air Quality Standards (NAAQS) Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office is requesting public nominations for technical experts to form a CASAC ad hoc panel to provide advice through the chartered CASAC on primary (human health-based) air quality standards for sulfur oxides (SO_x).

DATES: Nominations should be submitted by August 12, 2013 per instructions below.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this Notice and Request for Nominations may contact Dr. Diana Wong, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 564-2049 or via email at wong.diana-M@epa.gov. General information concerning the EPA CASAC can be found at the EPA CASAC Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION:

Background: The Clean Air Scientific Advisory Committee (CASAC) was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. CASAC provides advice, information and recommendations on the scientific and technical aspects of air quality criteria and National Ambient Air Quality Standards (NAAQS) under sections 108 and 109 of the Act. The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA). As amended, 5 U.S.C., App. Section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six "criteria" air pollutants, including sulfur oxides. As a Federal Advisory Committee, the CASAC conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations. The CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Request for Nominations: The SAB Staff Office is seeking nominations of nationally and internationally recognized scientists in the science of air pollution related to sulfur oxides. Experts are sought in atmospheric science, human exposure, dosimetry, toxicology, epidemiology, medicine, public health, biostatistics and risk assessment.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals in the areas of expertise described above. Nominations should be submitted in electronic format (preferred over hard copy) following the instructions for "Nominating Experts to Advisory Panels and Ad Hoc Committees Being Formed," provided on the CASAC Web site. If you wish to nominate yourself or another expert, please follow the instructions that can be accessed through the "Nomination of

Experts" link on the blue navigational bar at the CASAC Web site <http://www.epa.gov/casac>. To receive full consideration, nominations should include all of the information requested below.

EPA's SAB Staff Office requests contact information about the person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's resume or curriculum vita; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations. The bio-sketches and resume or curriculum vita of nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be made available to the public upon request. Please be advised that information provided in response to the request described in this paragraph is subject to release under the Freedom of Information Act.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the CASAC Web site, should contact Dr. Diana Wong, DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than August 12, 2013. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and bio-sketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the CASAC Web site at <http://www.epa.gov/casac>. Public comments on this List of Candidates will be accepted for 21 days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office a review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming this expert panel, the SAB Staff Office will consider public

comments on the List of Candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; (e) skills working in committees, subcommittees and advisory panels; and, (f) for the panel as a whole, diversity of expertise and viewpoints.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows government officials to determine whether there is a statutory conflict between a person's public responsibilities (which includes membership on an EPA federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by federal regulation. The form may be viewed and downloaded from the following URL address <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA-SAB-EC-02-010), which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Dated: July 11, 2013.

Thomas Brennan,
Deputy Director, EPA Science Advisory Board Staff Office.
