### Surface Transportation Board

[STB Section 5a Application No. 1  
(Amendment No. 11)]

#### Household Goods Carriers' Bureau Committee

By application filed on March 5, 2001, the Household Goods Carriers' Bureau Committee (HGCBC) seeks approval of minor amendments to its collective ratemaking agreement.<sup>1</sup> HGCBC is part of the American Moving & Storage Association (AMSA), but HGCBC's regulated activities are conducted autonomously of AMSA. HGCBC proposes to modify Article 3 of its agreement, to provide for: (1) A procedure whereby HGCBC's Board could revoke the membership of HGCBC carriers, and their participation in bureau tariffs, pursuant to Article IV, Section 9, of the bylaws of AMSA (which allows termination of AMSA membership for violation of its bylaws or its Certified Mover and Van Line Program Code of Conduct, or for engaging in any other conduct that is prejudicial to the interests of AMSA); (2) automatic removal of a carrier's membership if the carrier's operating authority is revoked by the federal

government; and (3) non-substantive changes in the wording and the enumeration of sections of Article 3.

An original and 10 copies of any comments, referring to STB Section 5a Application No. 1 (Amendment No. 11), must be sent to: Surface Transportation Board, Office of the Secretary, Case Control Unit, Attn: STB Section 5a Application No. 1 (Amendment No. 11), 1925 K Street, NW., Washington, DC 20423-0001. One copy of any comments filed with the Board must also be served on applicant's representative: Thomas M. Auchincloss, Jr., Rea, Cross & Auchincloss, 1707 L Street, NW., Washington, DC 20036.

To allow members of the public to obtain a copy of the application without traveling to the Board's office, HGCBC is required to provide a copy on request.

Comments must be filed with the Surface Transportation Board by July 30, 2001. HGCBC's reply to any comments is due by August 27, 2001.

For more information, contact: Joseph H. Dettmar, (202) 565-1600. [TDD for the hearing impaired: 1-800-877-8339.]

Board decisions and notices are available on our website at "WWW.STB.DOT.GOV." See our served decision approving the application pending analysis of any comments.

Decided: June 21, 2001.

By the Board, Chairman Morgan, Vice Chairman Clyburn, and Commissioner Burkes.

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of availability, notice of comment period.

**SUMMARY:** The Federal Aviation Administration (FAA) is issuing this notice to advise the public that a Final Supplement to the 1992 Final Environmental Impact Statement (SEIS)—Master Plan Development, Indianapolis International Airport, has been prepared and is available for public review and comment. Written requests for the Final SEIS and written comments on the Final SEIS can be submitted to the individual listed in the section **FOR FURTHER INFORMATION, CONTACT**. The public comment period will commence on June 22, 2001 and will close on July 30, 2001.

*Public Comment:* The start of the public comment period on the Final SEIS will be June 22, 2001 and will end on July 30, 2001 (which includes the Council on Environmental Quality's required 30 day holding period from June 29, 2001 to July 30, 2001 before a decision can be made).

Copies of the Final SEIS may be viewed during regular business hours at the following locations:

**SUPPLEMENTARY INFORMATION:** In November 2000, the Indianapolis Airport Authority (IAA) announced its intention to construct a midfield terminal complex and associated development at Indianapolis International Airport. This was previously evaluated in a 1992 Final Environmental Impact Statement (FEIS) for Master Plan Development. While the majority of the development elements assessed in the 1992 FEIS have been completed, the midfield terminal complex and associated developments have been constructed. However, there have been a number of steps taken towards the development of the midfield terminal complex and associated developments. FAA determined that it was appropriate for FAA to prepare a Supplemental to the 1992 Final Environmental Impact Statement (FEIS) because the IAA's proposed development contains some modifications from the same development elements proposed and assessed in the 1992 FEIS. This SEIS is being prepared in accordance with requirements of the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C. 4332(2)(C).

The Proposed Project consists of a new midfield terminal complex and associated development (relocation of Airport Traffic Control Tower, development of midfield terminal interchange, and construction of cross-field taxiways). It is anticipated that the existing terminal will be closed and demolished. The design for the midfield interchange has been finalized and disclosed as part of the 1995 Federal Highway Administration Draft Environmental Assessment (EA) for Six Points Road Interchange. The SEIS assess the environmental impacts associated with the construction of the midfield interchange at the location provided in the 1995 FHWA EA. Service roads and interior circulation roadways were not specifically defined in the 1992 FEIS as well. This SEIS provides the environmental evaluation of the location of the airfield service and interior circulation roadways.

Comments from interested parties on the Final SEIS are encouraged and may be submitted in writing to the FAA at the address listed in section entitled **FOR**

**FURTHER INFORMATION CONTACT.** The comment period will close on July 30, 2001. Late comments will be accommodated to the extent possible, depending on the time received during the environmental review process.

Issued in Des Plaines, Illinois on June 21, 2001.

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****Notice of Intent To Prepare an Environmental Impact Statement (EIS) for a Proposed New Runway at Norfolk International Airport, VA**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of intent to prepare and consider an environmental impact statement and to conduct agency and public scoping meetings.

**SUMMARY:** The Federal Aviation Administration (FAA) is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared and considered for a proposed new runway at Norfolk International Airport, Virginia. In addition, to ensure that all major project-related issues are identified, agency scoping and public scoping meetings will be held. The Bureau of Utilities for the City of Norfolk, the Norfolk District of the U.S. Army Corps of Engineers, and the U.S. Environmental Protection Agency Region III will be cooperating agencies on the EIS. Scoping meetings will be held to determine the scope of the EIS and to identify the major project-related issues to be addressed and emphasized in the EIS. The FAA hereby invites the participation of Federal, State and local agencies, any affected Indian tribe, the proponent of the action, and any other interested parties. Two scoping meetings are planned—the first is an agency scoping meeting intended for organizations having jurisdiction by law or specific expertise with respect to any environmental impacts associated with the action; the second is a public meeting intended for other interested parties, including those who may not be in accord with the action on environmental grounds. However, both meetings are open to the public.

The FAA further invites agencies, organizations, and the general public to
