

therefore ensure that it can continue to clear and settle securities transactions.

For example, as discussed above, the Proposed Rule Change would update the Policy to require ICE Clear Europe to maintain an inventory of scenarios for the purposes of scenario analysis and testing, which inventory would need to be reviewed on at least an annual basis in order to determine if the scenarios are still fit for purpose and if updates are required. These new requirements should help ensure that ICE Clear Europe personnel identify and maintain an appropriate inventory of scenarios, determine in a timely manner if updates to the inventory or scenarios are needed, and identify any gaps and necessary resolutions or updates to the inventory and scenarios sooner than what is currently required.

Taken together, these enhancements to the Policy should enhance ICE Clear Europe's operational resilience, which in turn should decrease the likelihood that operational incidents would disrupt its ability to promptly and accurately clear and settle securities transactions. Accordingly, the Commission finds that the Proposed Rule Change is consistent with Section 17A(b)(3)(F) of the Act.<sup>16</sup>

ii. Consistency With Rule 17Ad–22(e)(2)(v)

Rule 17Ad–22(e)(2)(v) require that ICE Clear Europe establish, implement, maintain, and enforce written policies and procedures reasonably designed to provide governance arrangements that, among other things, are clear and transparent and specify clear and direct lines of responsibility.<sup>17</sup>

As discussed above, the Proposed Rule Change would add new sections to the Policy addressing reviews, breach management, and exception handling. Among other things, the section addressing reviews would make the document owner responsible for ensuring that the Policy remains up-to-date and is reviewed in accordance with ICE Clear Europe's governance processes. Additionally, document reviews will be conducted by the document owner and signed off by the head of the department (or their delegate) and the Chief Risk Officer. These reviews would encompass, at a minimum, regulatory compliance; documentation and purpose; implementation; use; and, where appropriate, open items from previous validations or reviews.

Under the new section covering breach management, the document owner also would be responsible for

reporting material breaches or unapproved deviations from the Policy to their Head of Department, the Chief Risk Officer, and the Head of Regulation and Compliance (or, as applicable, their respective delegates).

Under the new section addressing exception handling, exceptions to the Policy would need to be approved in accordance with ICE Clear Europe's governance process for the approval of changes, and could only take effect after completion of all necessary internal and regulatory approvals.

Additionally, the Proposed Rule Change would add a new section to the Policy on control validation and assessment, outlining that upon entry to the risk register or when a material change is made to a Key Control, ERM will confirm that validation of Key Controls is carried out. The Proposed Rule Change would also amend the Policy to state that validation may be verified directly by ERM or through ERM's oversight of validations performed by the First Line.

Taken together, these changes would help establish clear and direct responsibilities for the document owner of the Policy. Accordingly, the Commission finds that the Proposed Rule Change is consistent with Rule 17Ad–22(e)(2)(v).<sup>18</sup>

iii. Consistency With Rule 17Ad–22(e)(17)

Rule 17Ad–22(e)(17) requires that ICE Clear Europe establish, implement, maintain, and enforce written policies and procedures reasonably designed to manage its operational risks by, among other things, identifying the plausible sources of operational risk, both internal and external, and mitigating their impact through the use of appropriate systems, policies, procedures, and controls.<sup>19</sup>

By adding a requirement to maintain an inventory of scenarios for the purposes of scenario analysis and test and review those scenarios annually, the Proposed Rule Change would support ICE Clear Europe's ability to identify plausible sources of operational risk, both internal and external, and mitigate their impact through the Policy, which supports ICE Clear Europe's efforts to manage and mitigate its operational risks. Accordingly, the Commission finds that the Proposed Rule Change is consistent with Rule 17Ad–22(e)(17).<sup>20</sup>

#### IV. Conclusion

On the basis of the foregoing, the Commission finds that the Proposed Rule Change, as modified by Amendment no. 1, is consistent with the requirements of the Act, and in particular, with the requirements of Section 17A(b)(3)(F) of the Act,<sup>21</sup> and Rules 17Ad–22(e)(2)(v) and 17Ad–22(e)(17) thereunder.<sup>22</sup>

It is therefore ordered pursuant to Section 19(b)(2) of the Act<sup>23</sup> that the Proposed Rule Change (SR–ICEEU–2023–021) be, and hereby is, approved.<sup>24</sup>

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>25</sup>

**PURPOSE(S) OF THE SYSTEM:**

The Harassment Prevention and Response Program system of records maintains records regarding allegations of workplace harassment. These records are maintained for the purpose of conducting internal inquiries and/or investigations into allegations of harassment reported to the SEC by applicants for employment, current and former SEC employees, fellows, interns, or individuals who conduct business with the SEC and resolving allegations of workplace harassment. The records contained in this system do not duplicate any existing agency or government-wide system of records, even though some of the documents might also appear in other systems of records maintained for other purposes. Particularly, records are not collected to advance claims of discrimination pursuant to processes outlined in title 29 CFR part 1614. Rather, these records are collected for administrative action relating to allegations of workplace harassment, including bases found in EEO laws and elsewhere. The agency policy and processes govern the collection and maintenance of these records to further the agency's commitment to appropriately respond to allegations of workplace harassment.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

This system of records maintains information on individuals who have reported harassing conduct by or against SEC personnel and harassing conduct by or against non-SEC personnel to the program manager for prevention of harassment and response, in accordance with the agency's administrative regulation relating to harassment prevention and response. Individuals covered include, but are not limited to applicants for SEC employment, current and former SEC employees, fellows, interns, and individuals who conduct business with the SEC. Covered individuals include those who report harassment concerns, provide information in support of harassment inquiries or investigations, or are witnesses or are otherwise contacted as part of the fact-finding process for

inquiries, investigations, and reports relating to workplace harassment.

#### CATEGORIES OF RECORDS IN THE SYSTEM:

The system contains all records related to a report of harassment received by the SEC through the harassment prevention and response program manager or through referrals from the Office of Equal Employment Opportunity, other SEC organizations necessary for the implementation of the SEC Harassment Prevention and Response Program (or its successor program), or management officials. The records may include contact information of individuals involved in reports or allegations of harassment, statements of witnesses, exhibits, reports of interviews, findings and recommendations, close-out materials, documentation of any corrective action taken by management, and related correspondence. The specific data elements found in these records may include names, positions, Social Security numbers, mailing addresses, email addresses, employment histories, employee evaluations, disciplinary actions, case-related communications and notes, and audit logs of user access and activities within the SEC Harassment Prevention and Response Program electronic databases maintained by the SEC.

#### RECORD SOURCE CATEGORIES:

The SEC obtains information in this system from alleged targets of harassment, alleged harassers, witnesses, members of the public, other Federal agencies, and other individuals involved in the allegations. Some information, such as the alleged target's or harasser's name, personal identification number (PIN), employee identification number, position, and job location may be obtained from other SEC system of records as relevant and necessary to carry out the SEC's function. Other record sources include documents related to reports of harassment to the SEC Harassment Prevention and Response Program staff or management; information obtained through correspondence, letters, telephone calls, emails, or any other form of communication; data obtained from investigative material and any information relevant to an investigation; materials and information gathered by staff in the performance of their duties; electronic databases maintained by the staff; other SEC files; and from individuals, including where practicable, those to whom the records relate.

#### ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the Commission as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

2. To another Federal agency or Federal entity, when the SEC determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach; or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

3. To a Congressional office from the record of an individual in response to an inquiry from the Congressional office made at the request of that individual.

4. To any persons during the course of any inquiry, examination, or investigation conducted by the SEC's staff, or in connection with civil litigation, if the staff has reason to believe that the person to whom the record is disclosed may have further information about the matters related therein, and those matters appeared to be relevant at the time to the subject matter of the inquiry. Such disclosure is permitted in connection with civil litigation only when it is relevant and necessary to the litigation.

5. To the National Archives and Records Administration (NARA) in records management inspections conducted under 44 U.S.C. 2904 and 2906, to permit the National Archivist to inspect SEC records or inspect the SEC records management program and practices.

6. To interns, grantees, experts, contractors, and others who have been

engaged by the Commission to assist in the performance of a service related to this system of records and who need access to the records for the purpose of assisting the Commission in the efficient administration of its programs, including by performing clerical, stenographic, or data analysis functions, or by reproduction of records by electronic or other means. Recipients of these records shall be required to comply with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a.

7. To Federal, State, local, and/or foreign law enforcement agencies or other appropriate entity charged with the responsibility of investigating or prosecuting a violation or potential violation of law, whether civil, criminal, or regulatory in nature.

8. To respond to subpoenas in any litigation or other proceeding.

9. To the U.S. Department of Justice (DOJ), when:

(a) The SEC or any component thereof; or

(b) Any SEC employee in his or her official capacity; or

(c) Any SEC employee in his or her individual capacity that DOJ has agreed to represent; or

(d) The United States or any agency thereof where the SEC determines the litigation is likely to affect the SEC or any of its components is a party to a litigated matter or has an interest in a litigated matter and the SEC determines that the use of such records by DOJ is relevant and necessary to the litigation.

10. In any proceeding before a court or adjudicative body before which the SEC is authorized to appear, when:

(a) The SEC or any component thereof; or

(b) Any SEC employee in his or her official capacity; or

(c) Any SEC employee in his or her individual capacity; or

(d) The United States or any agency thereof where the SEC determines the litigation is likely to affect the SEC or any of its components is a party to the proceeding or has an interest in the proceeding and SEC determines that the use of such records is relevant and necessary to the proceeding.

12. To provide information to officials of labor organizations recognized under

5 U.S.C. chapter 71, when relevant and necessary to their duties of exclusive representation concerning personnel policies, practices, and matters affecting conditions of employment.

#### **POLICIES AND PRACTICE FOR STORAGE OF RECORDS:**

Records in this system of records are stored electronically or on paper in secure facilities. Electronic records are stored on the SEC's secure network and/or an SEC-approved cloud storage location. Access to and use of these records is limited to those persons whose official duties require such access.

#### **POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

These records are cross-indexed by the name of the individual who reports harassment, the name of the alleged target of harassment, if any, and the name of the alleged harasser. The records may be retrieved by any of the above three indexes and other indexes, as appropriate.

#### **POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:**

These records are maintained for three years after the report of harassment is closed and are then deleted or destroyed in accordance with NARA, General Records Schedule (GRS) 023, Item 40 and the SEC Comprehensive Records Schedule. Authorized staff follow the SEC's records management procedures for safeguarding and disposing of records related to reports of harassment that have met their retention period.

#### **ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:**

Access to SEC facilities, data centers, and information or information systems is limited to authorized personnel with official duties requiring access. SEC facilities are equipped with security cameras, and, at certain SEC facilities, 24-hour security guard service. Computerized records are safeguarded in a secured environment. Records are maintained in a secure, password-protected electronic system that will utilize commensurate safeguards that may include: firewalls, intrusion detection and prevention systems, and role-based access controls. Additional safeguards will vary by program. All records are protected from unauthorized access through appropriate administrative, operational, and technical safeguards. These safeguards include restricting access to authorized personnel who have a "need to know" and using locked file cabinets and/or locked offices or file rooms. Contractors

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

The primary purpose of Rule 17a–10 is to obtain the economic and statistical

data necessary for an ongoing analysis of the securities industry. Paragraph (a)(1) of Rule 17a–10 generally requires broker-dealers that are exempt from the filing requirements of paragraph (a) of Exchange Act Rule 17a–5 (17 CFR 240.17a–5) to file with the Commission the Facing Page, a Statement of Income (Loss), and balance sheet from Part IIA of Form X–17A–5<sup>1</sup> (17 CFR 249.617), and Schedule I of Form X–17A–5 not later than 17 business days after the end of each calendar year.

Paragraph (b) of Rule 17a–10 provides that the provisions of paragraph (a) do not apply to members of national securities exchanges or registered national securities associations that maintain records containing the information required by Form X–17A–5 and which transmit to the Commission copies of the records pursuant to a plan which has been declared effective by the Commission.

The Commission staff estimates that the total hour burden under Rule 17a–10 is approximately 44,892 hours per year and the total cost burden is \$0 per year. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
