DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, U.S. Department of Homeland Security.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed extension of information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the collection of State and local hazard mitigation plans required under Section 322 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5165.

SUPPLEMENTARY INFORMATION: This collection of information is in accordance with Section 322 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act or the Act), 42 U.S.C. 5165, enacted under Sec. 104 the Disaster Mitigation Act of 2000, (DMA 2000) Pub. L. 106-390. FEMA published regulations, 44 Code of Federal Regulations (CFR) part 201, that require each state, local and tribal government have in place a hazard mitigation plan in order to receive Stafford Act assistance, excluding assistance provided pursuant to emergency provisions. The plan shall include sections that describe the planning process, an assessment of the risks, a mitigation strategy, and identification of plan maintenance and updating process. The purpose of the plan requirements is to enable State, tribal and local governments to better understand the risks they face from natural hazards and to make decisions and take actions to reduce the risks from

those hazards. Several revisions were published since the February 26, 2002 Interim Final Rule, including (1) to extend the date by which approved State and local mitigation plans will be required from November 1, 2003 to November 1, 2004 (October 1, 2002, 67 FR 61512), (2) to clarify the date by which local mitigation plans would be required as a condition of receiving project grant funds under the Pre-Disaster Mitigation (PDM) program (October 28, 2003, 68 FR 61368); and (3) to provide State and Indian tribal governments with a mechanism to request an extension to the date by which they must develop State Mitigation Plans as a condition of grant assistance (September 13, 2004, 69 FR 55094).

Title: Pre-Disaster Mitigation (PDM) Grant Program eGrants.

OMB Number: 1660-0071.

Abstract: FEMA uses the PDM program eGrant application, evaluation, and award process to provide Federal grant assistance to grantees (State and

federally recognized tribal government) who administer grant awards for sub-grantee applicants (State-level agencies, federally recognized indian tribal governments, local governments, public colleges and universities, tribal colleges and universities, and regional planning districts and councils of governments). Private-non-profit (PNP) organizations and private colleges and universities are not eligible sub-applicants; however, a relevant State agency or local government may apply to the grant applicant for assistance on their behalf. The grant assistance must be used to develop mitigation plans in accordance with section 322 of the Disaster Mitigation Act of 2000 to implement pre-disaster mitigation projects that reduce the risks of natural and technological hazards on life and property, and to provide information and technical assistance on cost-effective mitigation activities.

Affected Public: State, local or tribal government.

Number of Respondents: 1176.

Estimated Time per Respondent: For purposes of this information collection extension, we are estimating the burden hours to be the same (that is no increase or decrease change) as the December, 2004 OMB Approval 1660-0071. That approval included all of the required applications and grant forms for submittal either on paper or through e-Grants, regardless of the method that the Grantee chooses to use to submit the information.
