

encouraged to automate this process; however, it may require the evaluation of medical records and related documents to determine whether Medicare claims are billed in compliance with coverage, coding, payment, and billing policies. Addressing improper payments in the Medicare fee-for-service (FFS) program and promoting compliance with Medicare coverage and coding rules is a top priority for the CMS. Preventing Medicare improper payments requires the active involvement of every component of CMS and effective coordination with its partners including various Medicare contractors and providers. The information required under this collection is requested by Medicare contractors to determine proper payment, or if there is a suspicion of fraud. Medicare contractors request the information from providers/suppliers submitting claims for payment when data analysis indicates aberrant billing patterns or other information which may present a vulnerability to the Medicare program. *Form Number:* CMS-10417; *Frequency:* Occasionally; *Affected Public:* Private Sector, State, Business, and Not-for Profits; *Number of Respondents:* 485,632; *Number of Responses:* 485,632; *Total Annual Hours:* 242,816. AGENCY: Indian Health Service, HHS.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Indian Health Service (IHS) takes this opportunity to provide information on a new Office of Management and Budget (OMB) information collection, Control Number 0917-XXXX, titled, "Tribal Investment in Commercial Electronic Health Records." This proposed information collection project has been granted an emergent review by OMB. The purpose of this notice is to provide the public a notice of the information sent directly to OMB.

A copy of the supporting statement is available at www.regulations.gov (see Docket ID IHS_FRDOC_0001).

DATES: September 15, 2021. Any comments regarding this information collection are best assured of having full effect if received within 120 days of the date of this publication.

Direct Your Comments to OMB: Send your comments and suggestions regarding the proposed information collection contained in this notice, especially regarding the estimated public burden and associated response time to: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for IHS.

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact IHS by one of the following methods:

SUPPLEMENTARY INFORMATION: The IHS has requested emergency review of this information collection by OMB, as authorized by section 3507(j) of the Paperwork Reduction Act of 1995. The Agency gathers comments concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents.

Title of Proposal: Tribal Investment in Commercial Electronic Health Records.

Type of Information Collection

Request: EMERGENCY REQUEST.

OMB Control Number: To be assigned.

Need and Use of Information

Because the IHS does not routinely collect or maintain this information, the Agency needs to issue a data call to Tribes and Urban Indian Organizations in order to prepare the required report to the requesting Committees.

The table below provides: Type of data collection instrument, Estimated number of respondents, Number of responses per respondent, Annual number of responses, Average burden hour per response, and Total annual burden hour(s).
