FOR FURTHER INFORMATION CONTACT: Eugene Green, Designated Federal Officer, U.S. EPA, telephone 202-564-2432, fax: 202-564-8129.

SUPPLEMENTARY INFORMATION:

Background: GNEB is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), Public Law 92-463. GNEB was created in 1992 by the Enterprise for the Americas Initiative Act, Public Law 102-532, 7 U.S.C. 5404. Implementing authority was delegated to the Administrator of EPA under Executive Order 12916. The GNEB is charged by statute with submitting an annual report to the President on the need for implementation of environmental and infrastructure projects within the states of the United States contiguous to Mexico. The statute calls for the GNEB to have representatives from U.S. Government agencies; the governments of the states of Arizona, California, New Mexico and Texas; and tribal and private organizations with experience in environmental and infrastructure issues along the US/Mexico Border. Members are appointed by the EPA Administrator for two-year terms with the possibility of reappointment. The GNEB meets approximately three times annually either in person or via video/teleconference. The average workload for committee members is approximately 10 to 15 hours per month. Members serve on the committees in a voluntary capacity. Although we are unable to offer compensation or an honorarium, members may receive travel and per diem allowances, according to applicable federal travel regulations. The EPA is seeking nominations from a variety of nongovernmental interests along the U.S.-Mexico border from the private sector, including representatives from business, academia, environmental groups, health groups, ranching and grazing, energy, financial, and other relevant sectors. EPA values and welcomes diversity. To obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The following criteria will be used to evaluate nominees:

- Background and experiences that would help members contribute to the diversity of perspectives on the committee (e.g., geographic, economic, social, cultural, educational, and other considerations).
- Representative of a sector or group that helps to shape border-region environmental policy or representatives of a group that is affected by border region environmental policy.
- Has extensive professional knowledge and experience with the issues that the GNEB examines (i.e., environmental and infrastructure issues along the U.S.-Mexico border),
