we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

SUPPLEMENTARY INFORMATION:

I. Why Is EPA Issuing This Proposed Rule?

This document proposes to take action on the National Volatile Organic Compound Emission Standards for Aerosol Coatings to move the applicability and compliance dates for aerosol coatings from January 1, 2009 to July 1, 2009. Also, EPA is making initial notifications required due on the compliance date, as opposed to 90 days in advance of the compliance date. We have published a direct final rule to make these same amendments in the "Rules and Regulations" section of this **Federal Register** because we view this as a non-controversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will withdraw the direct final rule, and it will not take effect. We

would address all public comments in any subsequent final rule based on this proposed rule.

We do not intend to institute a second comment period on the action. Any parties interested in commenting must do so at this time.

The regulatory text for the proposal is identical to that for the direct final rule and published in the "Rules and Regulations" section of this **Federal Register**.

II. Does This Action Apply to Me?

The entities potentially affected by this proposed rule are the same entities that are subject to the Aerosol Coatings final rule. The entities affected by the Aerosol Coatings final rule include: Manufacturers, processors, distributors, importers of aerosol coatings for sale or distribution in the United States, and manufacturers, processors, distributors, or importers who supply the entities listed above with aerosol coatings for sale or distribution in interstate commerce in the United States.

III. Statutory and Executive Order Reviews
