SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Federal Labor Standards Questionnaire; Complaint Intake Form.

OMB Approval Number: 2501-0018.

Type of Request: Extension of currently approved collection.

Form Number: HUD-4730, HUD-4730E, HUD-4730SP and HUD-4731.

Description of the need for the information and proposed use: Information collected on HUD-4730, 4730E and 4730SP, Federal Labor Standards Questionnaires, will be used by HUD and agencies administering HUD programs to collect information from laborers and mechanics employed on HUD-assisted projects. Employers are

required to submit weekly certified payroll reports in order to demonstrate and attest to their compliance with Federal labor standards. The information collected on questionnaires is primarily used to determine whether payroll information supplied by employers is valid. Testing employer data can disclose violations that may be concealed or that are otherwise not apparent to the agency.

Information collected on the HUD 4731, Federal Labor Standard Complaint Intake form, will be used by HUD and agencies administering HUD programs to collect information from complainants alleging violations of Federal labor standards on HUD-assisted projects. The information collected is primarily used in the conduct of investigations into the allegations.

Generally, enforcement actions, including investigations, are geared to the respondent's benefit, that is, to determine whether the respondent was underpaid and to ensure the payment of wage restitution to the respondent, if so.

These forms have been crafted to focus on essential information, to make it easy to read and complete, and to best capture the information needed for HUD to competently enforce Federal labor standards and to protect workers' rights to prevailing wages.

Estimated Number of Respondents: 2,000.

Estimated Number of Responses: 2,000.
