

ACE Secure Data Portal at <https://ace.cbp.dhs.gov>.¹¹ Within ACE Reports, ACE account users may navigate to and access their unpaid, open bill detail report (the report) in the Workspace Module. The Workspace Module is a window in ACE Reports that provides ACE account users access to their standard reports categorized by subject area (such as Cargo Release, Entry Summary, Manifest, etc.) and includes a navigation list (a folder structure of standard reports) and a viewer that displays the report selected.¹²

B. Adoption of an Enhanced CBP Bill Form To Replace the Current CBP Form 6084

Pursuant to 19 CFR 24.3(a), any bill or account for money due the United States must be rendered by an authorized CBP officer or employee on an official form. A bill informs the recipient of the amount owed on a given date, the reason for the amount, the port of service/charge, the late payment date, and the interest rate, among other information, and it also includes a “bill number” to allow for its unique identification. The required contents of the bill, which are captured on the current CBP Form 6084, are described in 19 CFR 24.3a(d) and additional requirements for certain bills described in 19 CFR 24.4(f) and 24.4(h).

As part of Release 4, CBP is replacing the current CBP Form 6084 with a new CBP Bill Form to provide the public with additional information to identify the authenticity of the bill and status information, as well as better access to CBP resources to address questions. The new CBP Bill Form will have the same structure as the current CBP Form 6084, and it will contain all of the same information.¹³ However, the new CBP Bill Form will be enhanced with additional language to inform the recipient that the bill is produced pursuant to 19 CFR 24.3a(d) and the inclusion of three new data fields to

identify the “Center ID” and “Team Number” that produced the bill, as well as the date the bill was printed.¹⁴ CBP is also adding email and internet addresses alongside the existing telephone number to better enable the bill recipient to address questions related to billing directly with CBP. For overdue bills only, CBP is including a warning message concerning the consequences of continued non-payment or a formal demand for payment and information about sanctions pursuant to 19 CFR 142.26.

The CBP Bill Form will also have a specific version dedicated to the recipients of bills for deferred payments of internal revenue taxes owed on distilled spirits, wines, and beer imported into the United States. This new deferred tax CBP Bill Form (CBP Bill Form (DT)), will have the same format as the CBP Bill Form, but it will inform the recipient that, in accordance with 19 CFR 24.4, this bill is being issued for the deferred tax payment on imported alcoholic beverages and that any accrued interest for late payment will be assessed on a separate bill as required by 19 CFR 24.4(f)(2). As bills for deferred tax payments are subject to specific regulations that do not apply to other bills, importers of record who pay deferred taxes will benefit from a more customized CBP Bill Form.¹⁵

The new CBP Bill Form and CBP Bill Form (DT) will provide the public with additional clarity about the billing process. The recipients of bills will know under what authority the bill is produced through the addition of citations to regulations, and they will be able to identify the origin of the bill more easily because of the new data fields. Moreover, the recipients of bills will be able to better address billing questions because the bill will list additional informational resources and the recipients will be better advised as to the consequences for failing to timely pay.

The enhanced CBP Bill Form, as described herein, may be found on CBP’s website at <https://www.cbp.gov/trade/priority-issues/revenue/bill-payments> and will be adopted by CBP on October 18, 2021. Please note that this CBP Bill Form will continue to also be identifiable as the CBP Form 6084

unless and until the associated numerical designation of 6084 becomes obsolete under a future rulemaking that would be published in the **Federal Register**.

Dated: October 6, 2021.

Jeffrey Caine,

Chief Financial Officer, U.S. Customs and Border Protection.

BILLING CODE 9111–14–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2021–0002; Internal Agency Docket No. FEMA–B–2172]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before January 11, 2022.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA

¹¹ For more information about accessing, navigating, and personalizing ACE Reports, please review the ACE Reports Trainings at <https://www.cbp.gov/trade/ace/training-and-reference-guides>.

¹² For additional information about the Workspace Module, please consult the specific ACE Report training at <https://www.cbp.gov/trade/ace/training-and-reference-guides> or the quick reference card at <https://www.cbp.gov/document/guidance/ace-reports-qrc-navigating-workspace-module>.

¹³ Additionally, the CBP Bill Form will harmonize the presentation of interest accrued before liquidation, and determined at liquidation, appearing on supplemental bills. The CBP Bill Form will present a summary of that interest accrued as a single, consolidated amount for all items appearing on the bill. This is separate from the interest itemized and accruing as a result of delinquency.

¹⁴ The print date is the date upon which the third-party print vendor, described above, prints, and mails the CBP Bill Form. The print date reflects the date of mailing of notice of demand for payment against the bond pursuant to 19 U.S.C. 1514(c)(3).

¹⁵ For additional information about changes to the payment of deferred taxes on imported alcoholic beverages, please see the **Federal Register** notice published for Release 3, 86 FR 22696 (April 29, 2021).

Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2172, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be

construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been

engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2021-0002; Internal Agency Docket No. FEMA-B-2171]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area

(SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Federal Regulations. The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and

must be used for all new policies and renewals.

DATES: These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at
