DEPARTMENT OF DEFENSE

Department of the Air Force

[Docket ID: USAF–2022–HQ–0004]

Submission for OMB Review; Comment Request

AGENCY: Department of the Air Force, Department of Defense (DoD).

ACTION: Emergency 10-day information collection notice.

SUMMARY: Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice that DoD is submitting an Information Collection Request to the Office of Management and Budget (OMB) to understand the senior level perspectives as it relates to direct or indirect barriers women face in advancing to executive leadership. FOR FURTHER INFORMATION CONTACT:

Angela Duncan, 571–372–7574, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION: The survey is based on initial research conducted by Ms. Wanda Jones-Heath that highlighted women may experience challenges or obstacles associated with gender gap, placement in non-leadership roles, gender bias,

stereotyping, and skills being underrated during their journey to executive leader opportunities. The 2020 Department of the Air Force (DAF) Racial Disparity Review highlighted the fact that the DAF has not maintained a diverse senior civilian workforce (GS13–SES level) and women are significantly underrepresented at the senior level. The 2021 DAF Disparity Review specifically calls out gender as a significant challenge at the senior level. In addition, the civilian career progression line of effort under the barrier analysis working group is providing barrier and challenge information from the lower level viewpoint. If the survey is not conducted, then the research project will not include both views which will be vital to helping the DAF understand the barriers and determine specific actions (policy, programs, etc.) needed to provide more opportunities to women. The survey is a list of 13 questions using the Likert Scale that asks participants to provide their opinion on the barriers that limit opportunities for women to gain senior leadership positions. The participation is voluntary and the responses are completely anonymous. The responses will provide perspectives that would otherwise not be available through literature review.
