

maintained by foreign government entities; consent to jurisdiction and designation of an agent for service of process; and consent to be bound by the statutes and regulations administered by the appropriate U.S. Federal banking agencies.

Continuity of Ownership: Investors subject to this policy statement would be prohibited from selling or otherwise transferring securities of the Investors' holding company or depository institution for a 3 year period of time following the acquisition absent the FDIC's prior approval. This time period is consistent with the current de novo business plan change approval and other requirements in FDIC Deposit Insurance Orders. The FDIC does not expect to approve any sale to a private capital investor during such 3 year period unless the buyer agrees to be subject to the same conditions that are applicable under this policy statement to the selling Investor.

Special Owner Bid Limitation: Investors that directly or indirectly hold 10 percent or more of the equity of a bank or thrift in receivership would not be considered eligible to be a bidder to become an investor in the deposit liabilities, or both such liabilities and assets, of that failed depository institution.

Disclosure: Investors subject to this policy statement would be expected to submit to the FDIC information about the Investors and all entities in the ownership chain including such information as the size of the capital fund or funds, its diversification, the return profile, the marketing documents, the management team and the business model. In addition, Investors and all entities in the ownership chain will be required to provide to the FDIC such other information as is determined to be necessary to assure compliance with this policy statement.

Limitations: Nothing in this policy statement is intended to replace or substitute for any determination required by a relevant depository institution's primary Federal regulator or a Federal bank or thrift holding company regulator under any applicable regulation or statute, including, in particular, bank or thrift holding company statutes, or with respect to determinations made and requirements that may be imposed in connection with the general character, fitness and expertise of the management being proposed by the Investors, the need for a thorough and reasonable business plan that addresses business lines and strategic initiatives and includes appropriate contingency planning elements, satisfactory corporate

governance structure and representation, and any other supervisory matter.

By order of the Board of Directors.
