DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by April 6, 2023 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program Education and Obesity Prevention Grant (SNAP-Ed) National Program Evaluation and Reporting System (N-PEARS).

OMB Control Number: 0584–NEW.

Summary of Collection: This is a new information collection request. This information collection addresses existing reporting and recordkeeping requirements associated with newly developed State Plan and Annual Report systems under the Supplemental Nutrition Assistance Program Education and Obesity Prevention Grant Program (SNAP-Ed), a program established by Section 28 of the Food and Nutrition Act of 2008, as amended (7 U.S.C. 2036a) and administered by the U.S. Department of Agriculture's (USDA's) Food and Nutrition Service (FNS).

Need and Use of the Information: As required in the statute, to gain Federally allocated SNAP-Ed grants to conduct SNAP-Ed activities every year, such as nutrition education and obesity prevention services, States must submit a SNAP-Ed State Plan (FNS 925B) and a SNAP-Ed Annual Report (FNS 925A). The SNAP-Ed State Plan must be created based on SNAP-Ed Plan Guidance and then reviewed and approved by FNS Regional Offices before SNAP-Ed funding can be utilized.

The information contained in SNAP-Ed State Plans and Annual Reports is used by FNS to determine whether SNAP-Ed Program resources are being maximized, and whether State SNAP agencies have produced a persuasive and data-driven needs evaluation of nutrition, physical activity, and obesity prevention needs of the target population and their barriers to obtaining healthy foods and physical activity in the State SNAP-Ed Plan. Furthermore, the information is necessary to ensure integrity of SNAP-Ed funds, demonstrate program effectiveness, and track SNAP-Ed outcomes and impacts.

Description of Respondents: (1) 53 State Agencies that administer the SNAP-Ed Program in their State; (2) 112 State, Local, and Tribal Implementing Agencies (96 State Implementing Agencies, 7 Local Implementing Agencies, and 9 Tribal Implementing Agencies); (3) 53 Not-For-Profit

Implementing Agencies; (4) 21 employees at State Agencies that administer the SNAP-Ed Program in their State; (5) 83 employees at State, Local, and Tribal Implementing Agencies (69 employees at State Implementing Agencies, 6 employees at Local Implementing Agencies, and 8 employees at Tribal Implementing Agencies); and (6) 42 employees at Not-For-Profit Implementing Agencies.

Number of Respondents: 364.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 393,209.

Ruth Brown,

Departmental Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION:

Title: Procedures for the Notification of New Technology and Requests for Waivers.

Expiration Date of Approval: June 30, 2023.

OMB Number: 0583–0127.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled and packaged.

FSIS is announcing its intention to request renewal of the approved information collection regarding the procedures for notifying the Agency about new technology and requests for waivers. There are no changes to the existing information collection. The approval for this information collection will expire on June 30, 2023.

FSIS has procedures for official meat, poultry, and egg products

establishments to request temporary waivers from regulatory requirements in the event of a public health emergency or to permit experimentation (see 9 CFR 303.1 (h), 381.3 (b), and 590.10). FSIS also has procedures for official establishments and companies that manufacture and sell technology to official establishments, to notify the Agency of any new technology intended for use in official establishments, so that the Agency has an opportunity to decide whether the new technology requires a pre-use review. (68 FR 6873). To follow the procedures, official establishments and firms that manufacture and sell technology to official establishments notify the Agency by submitting documents describing the operation and purpose of the new technology or waiver request. The documents should explain why the new technology or waiver request will not (1) adversely affect the safety of the product, (2) jeopardize the safety of Federal inspection personnel, or (3) interfere with inspection procedures. If use of the new technology will also require a waiver of any Agency regulation, the notice must identify the regulation and explain why a waiver would be appropriate (9 CFR 303.1(h), 381.3(b), and 590.10). If the new technology could affect FSIS regulations, product safety, inspection procedures, or the safety of inspection program personnel, the establishment or plant would need to submit a written protocol for an in-plant trial as part of a pre-use review. The submitter of a written protocol should provide data to the Agency throughout the duration of the in-plant trial.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 8 hours to complete a notification of intent to use new technology if no in-plant trial is necessary. If an in-plant trial is necessary, FSIS estimates that it will take an average of 80 hours to develop a protocol and an average of 80 additional hours to collect data and keep records during the in-plant trial. FSIS estimates it will take respondents an average of 120 hours to collect data and conduct recordkeeping under a waiver.

Respondents: Official meat and poultry establishments and egg product plants; firms that manufacture or sell technology to official establishments and plants.

Estimated Number of Respondents: 75 respondents will submit notifications of intent to use new technology. 50 respondents will develop a protocol for

and conduct an in-plant trial. 50 respondents will collect data and conduct recordkeeping for the duration of the in-plant trial. 35 respondents will collect data and conduct recordkeeping under the waiver.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 12,800 hours. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250–3700; (202) 205–0495.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <https://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience.

In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <https://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

In accordance with Federal civil rights law and USDA civil rights regulations and policies, USDA, its Mission Areas, agencies, staff offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language) should contact the responsible Mission Area, agency, or staff office; the USDA TARGET Center at (202) 720-2600 (voice and TTY); or the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a complainant should complete a Form AD-3027, *USDA Program Discrimination Complaint Form*, which can be obtained online at <https://www.ocio.usda.gov/document/ad-3027>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

(1) *Mail*: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410;

(2) *Fax*: (833) 256-1665 or (202) 690-7442; or (3) *Email*: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

Paul Kiecker,
Administrator.
