

instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR describes the burden activities for the electronic collection of information for the pre-award burden activity for creating a work plan and the post-award and after-the-grant award activities related to reporting accomplishments to implement EPA's FIFRA State and Tribal Assistance Grant (STAG) program (7 U.S.C. 136u).

In 2019, a workgroup comprised of EPA, state and tribal representatives converted the FIFRA Work Plan and Report Template (FIFRA Template), which was in Excel, into a pilot program of a web-based system housed in the Central Data Exchange (CDX) platform, called the FIFRA Grant Database (FGD). When the permanent use of the pilot program is approved by OMB, then the use of the FGD will become mandatory, replacing the excel web-based system entirely.

This ICR also augments the ICR entitled "EPA's General Regulation for Assistance Programs ICR" (OMB Control No. 2030-0020; EPA ICR No. 0938.18) which accounts for the current PRA burden for the minimum management requirements for all recipients of EPA grants or cooperative agreements (assistance agreements). This ICR provides the burden assessment for the FIFRA program specific activities associated with using a standardized online template for only the STAG program reporting.

The ICR supporting statement, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized in this document.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 87.55 hours per response. Burden is defined in 5 CFR 1320.3(b).

Respondents/affected entities: Entities potentially affected by this ICR are state, local governments, Indian tribes, and U.S. territories that are grantees of Federal funds participating in the FIFRA STAG program. The corresponding North American Industry Classification System (NAICS) codes for respondents include: 9241 (Administration of Environmental Quality programs); and 92115 (American Indians and Alaska Native Tribal Governments).

Respondent's obligation to respond: Mandatory, as per FIFRA sections 23(a)(1) and 23(a)(2)).

Frequency of response: Biannually.

Total estimated number of potential respondents: 81.

Total estimated average number of responses for each respondent: 2.

Total estimated annual burden hours: 26,195 hours.

Total estimated annual costs: \$ 2,102,179, which includes an estimated cost of \$ 0 for non-burden hour paperwork costs, e.g., capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

Due to an error, the annual burden hours for "per-event" were incorrectly estimated at 46.15 hours to conduct STAG grant activities. The correct number is 323.4 hours "per event" for conducting STAG activities. For this renewal ICR, there is no increase over the currently approved ICR in terms of the per event annual paperwork burden hours for grantees to use the FIFRA grant Database. The FIFRA STAG Grant online template annual overall burden since the renewal ICR remains the same; all 81 recipients may use the reporting tool and instructions. The overall burden hours are therefore also the same at 26,195 hours. The burden cost in this ICR has increased relative to the previous ICR due to updating the wages. These changes are characterized as adjustments.

In addition, OMB has requested that EPA move towards using the 18-question format for ICR Supporting Statements used by other federal agencies and departments and that is based on the submission instructions established by OMB in 1995, replacing the alternate format developed by EPA and OMB prior to 1995. The Agency does not expect this change in format to result in substantive changes to the information collection activities or related estimated burden and costs.

IV. What is the next step in the process for this ICR?

EPA will consider comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

If you have any questions about this ICR or the approval process, please

contact the person listed under **FOR FURTHER INFORMATION CONTACT.**

Authority: 44 U.S.C. 3501 *et seq.*

Dated: March 22, 2022.

Michal Freedhoff,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[IB Docket No. 16-185; DA 22-255; FRS 79035]

Announcement of Renewal of the World Radiocommunication Conference Advisory Committee and Solicitation of Members

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In accordance with the Federal Advisory Committee Act, the Federal Communications Commission announces its intent to renew the World Radiocommunication Conference Advisory Committee (WRC Advisory Committee) and its solicitation of members. The renewal will be effective for a two-year period beginning March 31, 2022, following consultation with the Committee Management Secretariat, General Services Administration. The WRC Advisory Committee is a federal advisory committee under the Federal Advisory Committee Act. The Commission seeks applications from interested organizations, institutions, or other entities from both the public and private sectors that wish to be considered for membership on the Committee.

DATES: To be renewed for two years, starting March 31, 2022; Nominations, including contact information and the statement of qualifications, should be submitted by email to WRC-23@fcc.gov by March 31, 2022.

ADDRESSES: Federal Communications Commission, 45 L Street NE, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Dante Ibarra, Designated Federal Officer (DFO), WRC Advisory Committee, FCC International Bureau, Global Strategy and Negotiations Division, at (202) 418-0610. Email: dante.ibarra@fcc.gov.

SUPPLEMENTARY INFORMATION: After consultation with the Committee Management Secretariat, General Services Administration, the Commission intends to renew the charter of the WRC Advisory Committee

for two years, commencing March 31, 2022. Its scope of activities is to address issues contained in the agenda for the 2023 World Radio Conference (WRC–23). Each organization, institution or entity (organizational applicant) may propose one primary representative. Organizational applicants are also encouraged to propose one alternate representative. Submission of the nomination of the organizational applicant's primary representative or alternative representative should include the nominated person's complete contact information (email address, telephone number and mailing address) as well as a resume. Similarly, those requesting appointment in their individual capacities (and not as an organizational applicant) should also provide complete contact information and a resume with their submission. The public notice DA 22–255 includes additional information on the membership application process and can be found at <https://www.fcc.gov/document/fcc-announces-rechartering-and-solicitation-members-wac>. Because the Commission recognizes that technologies and spectrum priorities may evolve over the course of the multi-year WRC–23 preparatory cycle and that the expertise or experience relevant to the mission of this Committee may change over time, the Commission will continue to accept applications for Committee Membership on a rolling basis after the initial March 31, 2022 deadline. The WRC–23 Advisory Committee will continue to provide to the FCC advice, data, and technical analyses, and will formulate recommendations relating to the preparation of U.S. proposals and positions for WRC–23.

Federal Communications Commission.

Nese Guendelsberger,

Deputy Chief, International Bureau.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0742; FR ID 78661]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction

Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before May 27, 2022. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0742.

Title: Sections 52.21 through 52.36, Telephone Number Portability, 47 CFR part 52, subpart (C), and CC Docket No. 95–116.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for profit entities.

Number of Respondents and

Responses: 3,626 respondents; 10,002,000 responses.

Estimated Time per Response: 0.0666 hours–10 hours.

Frequency of Response: On occasion and one-time reporting requirements, recordkeeping requirement, and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 152, 154(i), 201–205, 215, 251(b)(2), 251(e)(2) and 332 of the Communications Act of 1934, as amended.

Total Annual Burden: 673,410 hours.

Total Annual Cost: No cost.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality:

The Commission is not requesting respondents to submit confidential information to the Commission. If the respondents wish confidential treatment of their information, they may request confidential treatment under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: Section 251(b)(2) of the Communications Act of 1934, as amended, requires LECs to “provide, to the extent technically feasible, number portability in accordance with requirements prescribed by the Commission.” Through the LNP process, consumers have the ability to retain their phone number when switching telecommunications service providers, enabling them to choose a provider that best suits their needs and enhancing competition. In the Porting Interval Order and Further Notice, the Commission mandated a one business day porting interval for simple wireline-to-wireline and intermodal port requests. The information collected in the standard local service request data fields is necessary to complete simple wireline-to-wireline and intermodal ports within the one business day porting interval mandated by the Commission and will be used to comply with Section 251 of the Telecommunications Act of 1996.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.
