BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2012-0750; Airspace Docket No. 11-AWP-4]

RIN 2120-AA66

Establishment of VOR Federal Airway V-629; Las Vegas, NV

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes VHF omnidirectional range (VOR) Federal airway V-629, near Las Vegas, NV, to supplement the existing routes structure for aircraft navigating in an area of marginal radar coverage. This action enhances the safety and efficiency of the National Airspace System.

DATES: Effective date 0901 UTC, March 7, 2013. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace Policy and ATC Procedures Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On September 6, 2012, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish V-629 near Las Vegas, NV. (77 FR 54859). Interested parties were invited to participate in this rulemaking effort by submitting written comments on this proposal to the FAA. No comments were received.

The Rule

The FAA is amending Title 14, Code of Federal Regulations (14 CFR) part 71

by establishing VOR Federal airway V-629, near Las Vegas, NV, to supplement the existing route structure and provide positive course guidance for aircraft navigating in an area of marginal radar coverage.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9W signed August 8, 2012 and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airway listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes a VOR Federal airway to enhance the safety and efficiency of the National Airspace System in the vicinity of Las Vegas, NV. Except for editorial changes, this rulemaking is the same as published in the NPRM.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, Environmental Impacts: Policies and Procedures, paragraph 311a. This airspace action is not expected to cause any potentially

significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p.389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of the FAA Order 7400.9W, Airspace Designations and Reporting Points, signed August 8, 2012, and effective September 15, 2012, is amended as follows:

Paragraph 6010(a)—Domestic VOR Federal Airways.

FEDERAL TRADE COMMISSION

16 CFR Part 305

RIN 3084-AB15

Energy Labeling Rule

AGENCY: Federal Trade Commission (FTC or Commission).

ACTION: Final rule.

SUMMARY: As part of its ongoing regulatory review of the Appliance Labeling Rule ("Rule"), the Commission amends the Rule by streamlining data reporting requirements for manufacturers, clarifying testing requirements and enforcement provisions, improving online energy label disclosures, and making several minor technical changes and
