

has received a written submission from Chehade.

Based upon my review of the record, including Chehade's written submission from Counsel, and consultations with BIS's Office of Export Enforcement, including its Director, and the facts available to BIS, I have decided to deny Chehade's export privileges under the Regulations for a period of seven years from the date of Chehade's conviction. I have also decided to revoke any BIS-issued licenses in which Chehade had an interest at the time of his conviction.

Accordingly, it is hereby *ordered*:

First, from the date of this Order until May 8, 2026, Walid Chehade, with a last known address of 4855 Hawthorn Lane, Unit 20, Westlake, OH 44145, and when acting for or on his behalf, his successors, assigns, employees, agents or representatives ("the Denied Person"), may not directly or indirectly participate in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as "item") exported or to be exported from the United States that is subject to the Regulations, including, but not limited to:

A. Applying for, obtaining, or using any license, license exception, or export control document;

B. Carrying on negotiations concerning, or ordering, buying, receiving, using, selling, delivering, storing, disposing of, forwarding, transporting, financing, or otherwise servicing in any way, any transaction involving any item exported or to be exported from the United States that is subject to the Regulations, or engaging in any other activity subject to the Regulations; or

C. Benefitting in any way from any transaction involving any item exported or to be exported from the United States that is subject to the Regulations, or from any other activity subject to the Regulations.

Second, no person may, directly or indirectly, do any of the following:

A. Export or reexport to or on behalf of the Denied Person any item subject to the Regulations;

B. Take any action that facilitates the acquisition or attempted acquisition by the Denied Person of the ownership, possession, or control of any item subject to the Regulations that has been or will be exported from the United States, including financing or other support activities related to a transaction whereby the Denied Person acquires or attempts to acquire such ownership, possession or control;

C. Take any action to acquire from or to facilitate the acquisition or attempted acquisition from the Denied Person of any item subject to the Regulations that has been exported from the United States;

D. Obtain from the Denied Person in the United States any item subject to the Regulations with knowledge or reason to know that the item will be, or is intended to be, exported from the United States; or

E. Engage in any transaction to service any item subject to the Regulations that has been or will be exported from the United States and which is owned, possessed or controlled by the Denied Person, or service any item, of whatever origin, that is owned, possessed or controlled by the Denied Person if such service involves the use of any item subject to the Regulations that has been or will be exported from the United States. For purposes of this paragraph, servicing means installation, maintenance, repair, modification or testing.

Third, pursuant to Section 1760(e) of the Export Control Reform Act (50 U.S.C. 819(e) and Sections 766.23 and 766.25 of the Regulations, any other person, firm, corporation, or business organization related to Chehade by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or business may also be made subject to the provisions of this Order in order to prevent evasion of this Order.

Fourth, in accordance with Part 756 of the Regulations, Chehade may file an appeal of this Order with the Under Secretary of Commerce for Industry and Security. The appeal must be filed within 45 days from the date of this Order and must comply with the provisions of Part 756 of the Regulations.

Fifth, a copy of this Order shall be delivered to Chehade and shall be published in the **Federal Register**.

Sixth, this Order is effective immediately and shall remain in effect until May 8, 2026.

Issued this 21st day of September, 2020.

Karen H. Nies-Vogel,

Director, Office of Exporter Services.

National Oceanic and Atmospheric Administration

RIN 0648–BI59

Atlantic Highly Migratory Species; Amendment 14 to the 2006 Consolidated Atlantic Highly Migratory Species Fishery Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; request for comments.

SUMMARY: NMFS announces the availability of Draft Amendment 14 to the 2006 Consolidated Atlantic Highly Migratory Species (HMS) Fishery Management Plan (FMP). Draft Amendment 14 is being undertaken to revise the mechanism or "framework" used in establishing quotas and related management measures for Atlantic shark fisheries. The current framework was established in Amendment 3 to the 2006 Consolidated Atlantic HMS FMP. The revised framework would modify the procedures followed in establishing the acceptable biological catch (ABC) and annual catch limits (ACLs) for Atlantic sharks and the process used to account for carryover or underharvests of quotas. It would also allow the option to phase-in ABC catch control rules and to adopt multi-year overfishing status determination criteria in some circumstances. Amendment 14 will not make changes to the current quotas or other management measures. Such changes would be adopted through subsequent rulemaking.

DATES: Written comments must be received by December 31, 2020. NMFS will hold two operator-assisted public hearings via conference calls and webinars on Draft Amendment 14 in October and November 2020. For specific dates and times, see the **SUPPLEMENTARY INFORMATION** section of this document.

ADDRESSES: Electronic copies of Draft Amendment 14 to the 2006 Consolidated HMS FMP may be obtained on the internet at: <https://www.fisheries.noaa.gov/action/amendment-14-2006-consolidated-hms-fishery-management-plan-shark-quota-management>.

(3 CFR, 2001 Comp. 783 (2002)), which was extended by successive Presidential Notices, continued the Regulations in full force and effect under the International Emergency Economic Powers Act, 50 U.S.C. 1701, *et seq.* (2012) ("IEEPA"). Section 1768 of ECRA, 50 U.S.C. 4826, provides in pertinent part that all rules and regulations that were made or issued under the EAA, including as continued in effect pursuant to IEEPA, and were in effect as of ECRA's date of enactment (August 13, 2018), shall continue in effect according to their terms until modified, superseded, set aside, or revoked through action undertaken pursuant to the authority provided under ECRA. See note 1, *supra*.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Guy DuBeck (Guy.DuBeck@noaa.gov), Ian Miller (Ian.Miller@noaa.gov), or Karyl Brewster-Geisz (Karyl.Brewster-Geisz@noaa.gov) by email, or by phone at (301) 427–8503.

SUPPLEMENTARY INFORMATION: The Magnuson-Stevens Act requires that any FMP or FMP amendment be consistent with 10 National Standards (NS). Specifically, NS1 requires “conservation and management measures shall prevent overfishing while achieving, on a continuing basis, the optimum yield from each fishery for the United States fishing industry.” In 2016, NMFS revised the NS1 guidelines to improve, streamline, and enhance their utility for managers and the public and to facilitate compliance with the requirements of the Magnuson-Stevens Act and provide management flexibility in doing so (81 FR 71858; October 18, 2016). The revisions addressed a range of issues, such as providing guidance on options to phase in changes to catch limits and carry over unused quota from one year to the next. In Draft Amendment 14, NOAA Fisheries is taking action to revise the mechanism or “framework” used in establishing quotas and related management measures in Atlantic shark fisheries, considering the revised guidance. The

current framework was established in Amendment 3 to the 2006 Consolidated HMS FMP. The revised framework would incorporate for potential use several optional fishery management tools in the revised NS1 guidelines.

The revised NS1 guidelines have provided NMFS the opportunity to increase management flexibility to ensure scientific uncertainty is accurately accounted for and properly account for variability in shark harvests. NMFS has explored options to revise the management framework for Atlantic shark stocks and management complexes. Specifically, within Draft Amendment 14, NMFS has identified the following objectives:

- Optimize the ability for the commercial shark fishery to harvest available, science-based shark quotas, to the extent practicable, while also considering the fairness among sectors;
- Revise the ABC control rule methodology as established in Amendment 3 to increase accountability and transparency when implementing ABCs for shark fisheries, consistent with provisions in the revised NS1 guidelines;
- Revise the ACL framework to reflect changes in the ABC control rule methodology to ensure that effective ACLs are established for non-prohibited shark species, taking into account scientific uncertainty;
- Modify the process for accounting for and distributing quota underharvest or overharvest in the commercial sector ACLs;
- Increase management flexibility to react to and account for changes in the distribution of shark harvest among sectors; and
- Increase management flexibility to appropriately react to scientific uncertainties, changes in stock status, or changes in allowable harvest levels to ensure stability within the fishery.

NMFS published a notice of intent (NOI) to prepare an environmental impact statement (EIS) for Amendment 14 (84 FR 23014; May 21, 2019). NMFS prepared an Issues and Options paper on management options and held four scoping meetings to discuss scoping regarding Amendment 14. NMFS initially was prepared to undertake an EIS for Amendment 14 but determined after considering public comments, the structure of the Draft Amendment, and

National Environmental Policy Act (NEPA) guidance that an EIS is not required for the Amendment. Amendment 14 will only establish the procedures to follow in setting the ABC, ACLs, and in accounting for carryover or underharvests of quotas. Amendment 14 will not make changes to the current quotas or other management measures. Any changes to ABCs, ACLs, quotas, or other measures would be made in future rulemakings, and would be informed by the appropriate NEPA analyses and public review.

In Draft Amendment 14, NMFS considers management options in order to revise the shark framework that established in Amendment 3. The management options being considered include modifying the ABC control rule, revising processes for the implementation of an ABC, and modifying carry-over and phase-in provisions and multi-year overfishing status determinations. A full description of the management options considered, including the preferred management options, are provided in Draft Amendment 14. Draft Amendment 14 does not consider any changes to management of the prohibited shark complex.

Public Hearings

NMFS will take into consideration public comments on Draft Amendment 14 before finalizing the preferred management options. The preferred management options may be altered or different management options may be adopted at the final Amendment stage. NMFS anticipates that Final Amendment 14 and its related documents would be available in 2021.

Comments on Draft Amendment 14 may be submitted via www.regulations.gov, and comments may also be submitted at the public hearings. NMFS solicits comments on this action by December 31, 2020. During the comment period, NMFS will hold two operator-assisted public hearings via conference calls and webinars (Table 1). In addition, NMFS will present to the HMS Advisory Panel to discuss this action. NMFS will announce the times of HMS Advisory Panel discussion in a future **Federal Register** notice.
