

body before which the Department is authorized to appear, or to an individual or entity designated by the Department or otherwise empowered to resolve or mediate disputes, is relevant and necessary to the litigation or ADR, the Department may disclose those records as a routine use to the adjudicative body, individual, or entity.

(d) *Parties, Counsel, Representatives, or Witnesses.* If the Department determines that disclosure of certain records to a party, counsel, representative, or witness is relevant and necessary to the litigation or ADR, the Department may disclose those records as a routine use to the party, counsel, representative, or witness.

5. *Freedom of Information Act (FOIA) and Privacy Act Advice Disclosure.* The Department may disclose records to the DOJ or the Office of Management and Budget if the Department concludes that disclosure is desirable or necessary in determining whether particular records are required to be disclosed under the FOIA or the Privacy Act.

6. *Disclosure to the DOJ.* The Department may disclose records to the DOJ to the extent necessary for obtaining DOJ advice on any matter relevant to an audit, inspection, or other inquiry related to the programs covered by this system.

7. *Congressional Member Disclosure.* The Department may disclose an individual's records to a member of Congress in response to an inquiry from the member made at the written request of that individual. The member's right to the information is no greater than the right of the individual who requested it.

8. *Disclosure in the Course of Responding to Breach of Data.* The Department may disclose records from this system to appropriate agencies, entities, and persons when: (a) The Department suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; (b) the Department has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of this system or other systems or programs that rely upon the compromised information (whether maintained by the Department or another agency or entity); and (c) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Various portions of the system are maintained electronically, in paper files, or both. The Department maintains records in this system both on paper and in compact disc, read-only-memory (CD-ROM), and the contractor (SRA International, Inc.) maintains data for this system on computers and in hard copy.

RETRIEVABILITY:

Paper and electronic records will be retrieved using principal investigators' names or grant application numbers.

SAFEGUARDS:

The Department's paper and CD-ROM records are stored in locked metal filing cabinets or in a secured room, with access limited to personnel whose duties require access. All physical access to the Department's sites is controlled and monitored by security personnel who check each individual entering the building for an employee or visitor badge.

The computer system employed by the contractor offers a high degree of resistance to tampering and circumvention. The system enforces assigned authorizations by controlling access based on the individual's role in the project. Each individual's access is determined by the system administrator in conjunction with the Institute and other administrative staff. These rights are re-assessed periodically by the application administrator.

The system has share-level and file-level security utilizing New Technology File System (NTFS), which is built into the Windows 2008 operating system. The system administrator grants or denies access to users or groups of users at the folder or file level. Several system groups are established within the Windows server to permit fine-grained control of user access to project folders. No other contractor users or groups of users will be given access to these folders or files.

The system's servers are located at the Savvis DC3 data center and are protected by Savvis' procedures governing physical access to the servers. Access to sensitive areas is controlled by means of key cards, ID badges, security guards, biometric hand scanners, man traps equipped with key cards, key-locked equipment cages, and continuous video surveillance.

RETENTION AND DISPOSAL:

Records are maintained and disposed of in accordance with the Department's

Records Disposition Schedule for Discretionary Grant File Records and Related Records (ED 254A.1).

SYSTEM MANAGER AND ADDRESS:

Deputy Director for Science, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue NW., room 600, Washington, DC 20208-0001.

NOTIFICATION PROCEDURE:

If you wish to determine whether a record exists regarding you in the system of records, contact the system manager. Your request must meet the requirements of regulations at 34 CFR 5b.5, including proof of identity.

RECORD ACCESS PROCEDURE:

If you wish to gain access to your record in the system of records, contact the system manager. Your request must meet the requirements of regulations at 34 CFR 5b.5, including proof of identity.

CONTESTING RECORD PROCEDURE:

If you wish to contest the content of a record regarding you in the system of records, contact the system manager. Your request must meet the requirements of the regulations at 34 CFR 5b.7, including proof of identity.

RECORD SOURCE CATEGORIES:

Information will be provided voluntarily by individuals who are principal investigators and who have requested and/or received grant support from the Institute either individually or through an academic institution or other organization.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

SUPPLEMENTARY INFORMATION:

Introduction

The Privacy Act (5 U.S.C. 552a) requires the Department to publish in the **Federal Register** this notice of a new system of records (5 U.S.C. 552a(e)(4) and (e)(11)). The Department's regulations implementing the Privacy Act are contained in the Code of Federal Regulations (CFR) at 34 CFR part 5b.

The Privacy Act applies to information about individuals that contains individually identifying information and that is retrieved by a unique identifier associated with each individual, such as a name or social security number. The information about each individual is called a “record,” and the system, whether manual or computer based, is called a “system of records.”

Whenever the Department publishes a new system of records or makes a significant change to an established system of records, the Privacy Act requires it to publish a system of records notice in the **Federal Register**. The Department is also required to submit

reports to the Administrator of the Office of Information and Regulatory Affairs at OMB, the Chair of the Senate Committee on Homeland Security and Governmental Affairs, and the Chair of the House of Representatives Committee on Oversight and Government Reform. These reports are intended to permit an evaluation of the probable effect of the proposal on the privacy rights of individuals.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The system will contain records on students in tested grades from approximately 61 school districts in 21 states and the District of Columbia.

CATEGORIES OF RECORDS IN THE SYSTEM:

The system of records will include information about the students who are included in the study. This student-level information will include, but will not necessarily be limited to, student IDs; the names and IDs of the school and school district that the student attends; year of birth; demographic information such as race, ethnicity, gender, and educational background (grade level, free and reduced-price lunch status, English language learner status, and special education status); whether the student graduated from high school and enrolled in college; and assessment information and scores on reading and mathematics state assessments.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

The study is authorized under the Education Sciences Reform Act of 2002, Part D, Section 171(b)(2) (20 U.S.C. 9561(b)(2)), which authorizes the IES to “conduct evaluations of Federal education programs administered by the Secretary (and as time and resources allow, other education programs) to determine the impact of such programs (especially on student academic achievement in the core academic areas of reading, mathematics, and science).”

PURPOSE(S):

The information contained in the records maintained in this system will be used to conduct an implementation and impact evaluation of two of the Department's grant programs: Race to the Top and Title I School Improvement Grants.

The study will address the following four research questions: (1) How are Race to the Top and School Improvement Grants implemented at the State, district, and school levels? (2) Are Race to the Top reforms related to improvement in student outcomes? (3) Does receipt of School Improvement Grants funding to implement a school turnaround model affect outcomes for low-performing schools? (4) Is the implementation of school turnaround models, and strategies within those models, related to improvement in student outcomes?

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

The Department may disclose information contained in a record in this system of records under the routine uses listed in this system of records without the consent of the individual if the disclosure is compatible with the purposes for which the record was collected. The Department may make these case-by-case disclosures or, if the Department has complied with the computer matching requirements of the Privacy Act of 1974, as amended (Privacy Act) (5 U.S.C. 552a), under a computer matching agreement. Any disclosure of individually identifying information from a record in this system must also comply with the requirements of section 183 of the Education Sciences Reform Act (ESRA) (20 U.S.C. 9573), which provides confidentiality standards that apply to all collection, reporting, and publication of data by IES.

(1) *Research Disclosure.* The Director of IES may disclose information from this system of records to qualified researchers solely for the purpose of carrying out specific research that is compatible with the purpose of this system of records. The researcher shall be required to maintain under the Privacy Act and the ESRA safeguards with respect to such records. When individually identifying information from a student's education record will be disclosed to the researcher under the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g (FERPA), the researcher also shall be required to comply with the requirements of a written agreement between the researcher and IES pursuant to the written agreement requirements under FERPA.

(2) *Contract Disclosure.* If the Department contracts with an entity to perform any function that requires disclosing records in this system to the contractor's employees, the Department may disclose the records to those employees who have received the appropriate level of security clearance from the Department. Before entering into such a contract, the Department will require the contractor to establish and maintain the safeguards required under the Privacy Act (5 U.S.C. 552a(m)) with respect to the records in the system.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

None.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The Department maintains records on CD-ROM, and the contractor (Mathematica Policy Research) and subcontractors (The American Institutes for Research and Social Policy Research Associates) maintain data for this system on computers and in hard copy.

RETRIEVABILITY:

Records in this system are indexed and retrieved by a unique random number assigned to each individual that is cross-referenced by the individual's unique State- or district-assigned student ID on a separate list.

SAFEGUARDS:

All physical access to the Department's site and to the sites of the Department's contractor and subcontractors, where this system of records is maintained, is controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a need-to-know basis and controls individual users' ability to access and alter records within the system.

The contractor and subcontractors will establish a similar set of procedures at their sites to ensure confidentiality of data. The contractor and subcontractors are required to ensure that print data identifying individuals are in files physically separated from other research data and electronic files identifying individuals are separated from other electronic research data files. The contractor and subcontractors will maintain security of the complete set of all master data files and documentation. Access to individually identifying data will be strictly controlled. At each site, all print data will be kept in locked file cabinets during nonworking hours and work on hardcopy data will take place in a single room, except for data entry.

Physical security of electronic data will also be maintained. Security features that protect project data include: Password-protected accounts that authorize users to use the contractor's system but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; and additional security features that the network administrators will establish for projects as needed.

The Department's, contractor's, and subcontractors' employees who "maintain" (collect, maintain, use, or disseminate) data in this system must comply with the requirements of the Privacy Act and the confidentiality standards in section 183 of the ESRA.

RETENTION AND DISPOSAL:

Records are maintained and disposed of in accordance with the Department's Records Disposition Schedules ED 068.a (NARA Job Number: N1-441-08-18).

SYSTEM MANAGER AND ADDRESS:

Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue NW., Room 502D, Washington, DC 20208-0001.

NOTIFICATION PROCEDURE:

If you wish to determine whether a record exists regarding you in the system of records, contact the system manager at the address listed under SYSTEM MANAGER AND ADDRESS. Your request must meet the requirements of the Department's Privacy Act regulations at 34 CFR 5b.5, including proof of identity.

RECORD ACCESS PROCEDURE:

If you wish to gain access to a record about you in this system of records, contact the system manager at the address listed under SYSTEM MANAGER AND ADDRESS. Your request must meet the requirements of the Department's Privacy Act regulations at 34 CFR 5b.5, including proof of identity.

CONTESTING RECORD PROCEDURE:

If you wish to contest the content of a record regarding you in the system of records, contact the system manager at the address listed under SYSTEM MANAGER AND ADDRESS. Your request for access to a record must meet the requirements of the Department's Privacy Act regulations at 34 CFR 5b.7, including proof of identity, specification of the particular record you are seeking to have changed, and the written justification for making such a change.

RECORD SOURCE CATEGORIES:

This system will contain records on students included in the Impact Evaluation of Race to the Top and School Improvement Grants. Data will be obtained through student records maintained by states or school districts.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.
