The Commission has identified one type of action that it undertakes that requires review under NEPA—approving third-party management contracts for the operation of gaming activity under IGRA. Depending on the nature of the subject contract and other circumstances, approval of such management contracts may be categorically excluded from NEPA, may require the preparation of an Environmental Assessment (EA), or may require the preparation of an Environmental Impact Statement (EIS). Title: Issuance of Certificates of Self-Regulation to Tribes for Class II Gaming.

OMB Control Number: 3141-0008.

Brief Description of Collection: The Act allows any Indian tribe that has conducted Class II gaming for at least three years to petition the Commission for a certificate of self-regulation for its Class II gaming operation(s). The Commission will issue the certificate if it determines that the tribe has conducted its gaming activities in a manner that has: Resulted in an effective and honest accounting of all revenues; a reputation for safe, fair, and honest operation of the gaming

activities; and an enterprise free of evidence of criminal or dishonest activity. The tribe must also have adopted and implemented proper accounting, licensing, and enforcement systems, and conducted the gaming operation on a fiscally or economically sound basis. Commission regulations require a tribe interested in receiving a certificate to file with the Commission a petition generally describing the tribe's gaming operations, its regulatory process, its uses of net gaming revenue, and its accounting and recordkeeping systems. The tribe must also provide copies of various documents in support of the petition. Tribes who have been issued a certificate of self-regulation are required to submit to the Commission certain information on an annual basis, including information that establishes that the tribe continuously meets the regulatory eligibility and approval requirements and supporting documentation that explains how tribal gaming revenues were used in accordance with the requirements in 25 U.S.C. 2710(b)(2)(B).
