Background

The Social Security Administration (SSA) is requesting clearance to collect data necessary to evaluate the Youth Transition Exploration Demonstration (YTED) under the Interventional Cooperative Agreement Program (ICAP). SSA awarded its second set of cooperative agreements for ICAP on December 22, 2022. ICAP allows SSA to partner with various non-federal groups and organizations to advance interventional research connected to the Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) programs. SSA awarded Mathematica a cooperative agreement to lead the YTED, which will help youth with disabilities transition successfully into the adult labor force and competitive, integrated employment. In addition, Mathematica is partnering with the Pennsylvania Office of Vocational Rehabilitation (OVR) to recruit youth and deliver intervention services and the University of Maryland's Center for Transition and Career Innovation (UMD) to provide training and technical assistance to OVR.

YTED Project Description

YTED will provide SSA with empirical evidence on the impact of the intervention on youth in several outcome areas: (1) employment and earnings; (2) SSI and SSDI benefit receipt; and (3) other related outcomes, such as satisfaction and well-being. A rigorous evaluation of YTED is important to help SSA and other interested parties assess promising options to improve employment-related outcomes and decrease benefit receipts. Mathematica is directing YTED and evaluating it via a randomized controlled trial. OVR will recruit 700 youth into YTED over a two-year period. Potential enrollees include all residents in the city of Philadelphia and the surrounding four counties in Pennsylvania (Bucks, Chester, Delaware, and Montgomery) ages 16 to 24 who qualify for vocational rehabilitation (VR) services; have never signed an individualized plan for employment with OVR; and are capable of giving informed consent or assent. Once

enrolled, youth assigned to the control group will remain eligible for standard VR services and receive information about how to apply to OVR. Youth assigned to the treatment group will open a case with OVR and receive enhanced Transition Exploration (TE) services. Treatment group members will receive services from a specially trained OVR counselor called a Vocational Rehabilitation Counselor-YTED (VRC-YTED) for up to 12 months. Key enhanced services provided by a VRC-

YTED will include career goal development, referral to intensive training programs, referral to other employment-related resources, and intensive engagement and follow up. As part of the TE intervention, OVR will develop strong collaborative relationships with intensive training programs like Job Corps and Year Up to facilitate seamless referrals and cooperation. OVR will also provide counseling on SSI, SSDI, and other benefits with a goal of helping youth to

access them temporarily while pursuing full-time work. The respondents are youth with disabilities who qualify and who are selected by SSA to enroll in

Correction Notice: SSA published this information collection as Transition Exploration Demonstration (TED), on June 29, 2024, at 89 FR 53472. We are changing the name of the information collection to Youth Transition Exploration Demonstration (YTED).

BILLING CODE 4191-02-P

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36810]

The Pittsburgh & Ohio Central Railroad Company—Trackage Rights Exemption—CSX Transportation, Inc.

The Pittsburgh & Ohio Central Railroad Company (POHC), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1180.2(d)(7) to acquire trackage rights over approximately 4,640 feet (0.88 miles) of rail line owned by CSX Transportation, Inc. (CSXT), between approximately milepost PLE 5.15 and approximately milepost PLN 0.24, including over a rail bridge (the Common Rail Bridge), to access customers and rail lines on Neville Island, Pa. (the Line).

According to the verified notice, CSXT and POHC are parties by succession to a 1902 trackage rights agreement through purchases, assignments, and assumptions from predecessor railroads. CSXT has agreed to extend POHC's trackage rights over the Line pursuant to an amended and

restated trackage rights agreement (Amended Agreement).1

The transaction may be consummated on or after October 16, 2024, the effective date of the exemption (30 days after the verified notice was filed).

As a condition to this exemption, any employees affected by the amended trackage rights will be protected by the conditions imposed in Norfolk & Western Railway—Trackage Rights— Burlington Northern, Inc., 354 I.C.C. 605 (1978), as modified in Mendocino Coast Railway—Lease & Operate—California Western Railroad, 360 I.C.C. 653 (1980). POHC states that, because the Amended Agreement provides for the continuation of existing trackage rights, it does not expect any employees to be adversely affected.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than October 9, 2024 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36810, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in

writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on POHC's representative, Justin J. Marks, Clark Hill PLC, 1001 Pennsylvania Ave. NW, Suite 1300 South, Washington, DC 20004.

According to POHC, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: September 26, 2024. By the Board, Valerie O. Quinn, Acting Director, Office of Proceedings.

Brendetta Jones,

Clearance Clerk.
