Needs and Uses: The Federal Communications Commission (Commission) received approval for a revision of OMB Control No. 3060–0508 from the Office of Management and Budget (OMB). The purpose of this revision was to obtain OMB approval of rules applicable to Part 22 800 MHz Cellular Radiotelephone (“Cellular”) Service licensees and applicants, as adopted by the Commission in a Report and Order (*Report and Order*) on November 7, 2014 (WT Docket No. 12–40; RM No. 11510; FCC 14–181). By the *Report and Order*, the Commission eliminates or streamlines certain Cellular Service filing requirements, thereby reducing the information collection burdens for Cellular Service respondents.

The information collected is used to determine, on a case-by-case basis, whether or not to grant licenses authorizing construction and operation of wireless telecommunications facilities to common carriers. character, or ownership of a historic property, including traditional religious sites.

Privacy Act Impact Assessment: Yes.

Needs and Uses: FCC Form 603 is a multi-purpose form used to apply for approval of assignment or transfer of control of licenses in the wireless services. The Federal Communications Commission (Commission) received approval for a revision of OMB Control No. 3060–0800 from the Office of Management and Budget (OMB). This revised information collection reflects changes in rules applicable to Part 22 800 MHz Cellular Radiotelephone (“Cellular”) Service licensees and applicants, as adopted by the Commission in a Report and Order (*Report and Order*) on November 7, 2014 (WT Docket No. 12–40; RM No. 11510; FCC 14–181). In addition to other rule revisions that do not affect this information collection, the Commission adopted a revised rule Section 22.948(a) to require the electronic submission of maps (in GIS format and PDF) when the Cellular applicant submits Form 603 to apply for Partitioning and Disaggregation. This requirement very slightly increases the total annual burden hours for this information collection. FCC Form 603 itself is not being revised.

The data collected on this form is used by the FCC to determine whether the public interest would be served by approval of the requested assignment or transfer. This form is also used to notify the Commission of consummated assignments and transfers of wireless and/or public safety licenses that have previously been consented to by the Commission or for which notification but not prior consent is required. This form is used by applicants/licensees in the Public Mobile Services, Personal Communications Services, General Wireless Communications Services, Private Land Mobile Radio Services, Broadcast Auxiliary Services, Broadband Radio Services, Educational Radio Services, Fixed Microwave Services, Maritime Services (excluding ships), and Aviation Services (excluding aircraft).

The purpose of this form is to obtain information sufficient to identify the parties to the proposed assignment or transfer, establish the parties' basic eligibility and qualifications, classify the filing, and determine the nature of the proposed service. Various technical schedules are required along with the main form applicable to Auctioned Services, Partitioning and Disaggregation, Undefined Geographical Area Partitioning, Notification of

Consummation or Request for Extension of Time for Consummation.

OMB Control No.: 3060–1058.

OMB Approval Date: April 20, 2015.

OMB Expiration Date: April 30, 2018.

Title: FCC Application or Notification for Spectrum Leasing Arrangement: Wireless Telecommunications Bureau and/or Public Safety and Homeland Security Bureau.

Form No.: FCC Form 608.

Respondents: Business or other for-profit entities; not-for-profit institutions; State, Local or Tribal Government.

Number of Respondents and

Responses: 991 respondents; 991 responses.

Estimated Time per Response: 1 hour.

Frequency of Response:

Recordkeeping requirement and on occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 151, 154(i), 154(j), 155, 158, 161, 301, 303(r), 308, 309, 310, 332 and 503.

Total Annual Burden: 996 hours.

Annual Cost Burden: \$1,282,075.

Nature and Extent of Confidentiality:

In general there is no need for confidentiality. On a case by case basis, the Commission may be required to withhold from disclosure certain information about the location, character, or ownership of a historic property, including traditional religious sites.

Privacy Act Impact Assessment: Not applicable.

Needs and Uses: FCC Form 608 is a multipurpose form. It is used to provide notification or request approval for any spectrum leasing arrangement (“Lease”) entered into between an existing licensee in certain wireless services and a spectrum lessee. This form also is required to notify or request approval for any spectrum subleasing arrangement (“Sublease”). The Federal Communications Commission (Commission) received approval for a revision of OMB Control No. 3060–1058 from the Office of Management and Budget (OMB). The revised information collection reflects changes in rules applicable to Part 22 800 MHz Cellular Radiotelephone (“Cellular”) Service licensees and applicants, as adopted by the Commission in a Report and Order (“R&O”) on November 7, 2014 (WT Docket No. 12–40; RM No. 11510; FCC 14–181). In addition to other rule revisions that do not affect this information collection, the Commission adopted a revised rule Section 22.948(d) to require the electronic submission of maps (in GIS format and PDF) when the Cellular Service applicant submits Form

608. The requirement very slightly increases the total annual burden hours for this information collection. FCC Form 608 itself is not being revised.

The data collected on the form is used by the FCC to determine whether the public interest would be served by the Lease or Sublease. The form is also used to provide notification for any Private Commons Arrangement entered into between a licensee, lessee, or sublessee and a class of third-party users (as defined in Section 1.9080 of the Commission's Rules).
