SUPPLEMENTARY INFORMATION:

I. Background

DoD is establishing the Defense Debt Management Records, DoD–0022 as a DoD-wide Privacy Act system of records. A DoD-wide system of records notice (SORN) supports DoD paper or electronic recordkeeping systems operated by more than one DoD component that maintain the same kind of information about individuals for the same purpose. Establishment of DoD-wide SORNs helps DoD standardize the rules governing the collection, maintenance, use, and sharing of personal information in key areas across the enterprise. DoD-wide SORNs also

reduce duplicative and overlapping SORNs published by separate DoD components. The creation of DoD-wide SORNs is expected to make locating relevant SORNs easier for DoD personnel and the public and create efficiencies in the operation of the DoD privacy program.

This system covers debt management records maintained by all components of DoD, wherever they are maintained. The system consists of both electronic and paper records and will be used by DoD components to maintain records about debts owed from DoD-affiliated individuals, including Military service members, civilian employees, dependents and family members, contractors, and other individuals. Debts may include but are not limited to: (1) overdue debts owed to DoD, and (2) overpayment of benefits to individuals. The collection and maintenance of this information will assist the DoD in meeting its obligations under law, regulation, and policy to ensure debt management is successfully accomplished.

Additionally, pursuant to 5 U.S.C. 552a(b)(12), disclosures may be made from this system to consumer reporting agencies in accordance with 31 U.S.C. 3711(e).

DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or on the Privacy and Civil Liberties Directorate website at <https://dpcl.dod.mil>.

II. Privacy Act

Under the Privacy Act, a “system of records” is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined as a U.S. citizen or lawful permanent resident.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A–108, the DoD has provided a report of this system of records to the OMB and to Congress.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7-1-1.

SUPPLEMENTARY INFORMATION: In order for a student who does not have a high school diploma or its recognized equivalent to be eligible for title IV program assistance, the student must successfully complete one of the ATB alternatives (listed below) and be enrolled in an eligible career pathway program (ECPP) ¹ pursuant to section 484(d)(1) of the Higher Education Act of 1965, as amended (HEA).

The ATB alternatives are—

- Passing an independently administered ATB test approved by the Secretary;
- Completing at least six credit hours, or the equivalent coursework (225 clock hours), that are applicable toward a degree or certificate offered by the postsecondary institution; or
- Completing a State process approved by the Secretary.

With respect to the ATB test alternative, there are specific requirements for students whose native language is not English, and who are not fluent in English. Those students must

comply with one of the three following options:

1. A student who is enrolled in a program that is taught in the student's native language must take an approved test developed in the student's native language pursuant to 34 CFR 668.153(a)(1). Currently there are no approved ATB tests in a language other than English. Therefore, these students must use one of the remaining two ATB alternatives to qualify for title IV aid;
2. A student who is enrolled in a program that is taught in English must take an ATB test designed to measure the English language competence of a non-native speaker. Students who are enrolled in such a program that has an "English as a Second Language" (ESL) component and who are enrolled in the ESL component, must take an approved ATB test specifically for a student whose native language is not English and who is not fluent in English, pursuant to 34 CFR 668.153(a)(2). Similarly, students who are enrolled in an ESL only program must take an approved ATB test specifically for a student whose native language is not English and who is not fluent in English, pursuant to 34 CFR 668.153(a)(2);

3. A student who is enrolled in a program that is taught in English without an ESL component, or does not enroll in the ESL component of the program, must take an ATB test in English that assesses secondary school verbal and quantitative skills, pursuant to 34 CFR 668.153(a)(3).

List of approved tests and passing scores: The Secretary lists below all approved ATB tests and their passing scores. The list is updated to reflect revisions to the list of approved ATB tests and passing scores that was published in the **Federal Register** on November 9, 2020 (85 FR 71326).
