

period. The Responsible Official directed the interdisciplinary team to develop an alternative that would not harvest or build roads directly adjacent to the BWCAW and would not harvest in an area perceived to be at higher risk from non-native invasive species.

Responsible Official

Mark E. Van Every, Kawishiwi District Ranger, 1393 Hwy 169, Ely MN, 55731.

Nature of Decision To Be Made

An environmental analysis for the Glacier Project will evaluate site-specific issues, consider management alternatives, and analyze the potential effects of the proposed action and alternatives. The scope of the project is limited to decisions concerning activities within the Glacier Project Area that meet the Purpose and Need, as well as desired conditions. An environmental impact statement will provide the Responsible Official, Mark E. Van Every, with the information needed to decide which actions, if any, to approve.

Scoping Process

The District Ranger mailed the Glacier Project Scoping Report to area landowners and other interested individuals and groups in May 2007. Based on comments received during the scoping period and additional information gathered by resource specialists, the District Ranger has directed the Glacier Project Interdisciplinary Team to develop an Environmental Impact Statement. The public will be notified that an EIS is being developed and will have an additional opportunity to submit comments before the Draft EIS will be completed. The public will be notified of the significant issues and possible alternatives that will be used to disclose the effects of the project. A public meeting is planned during the comment period on the Draft EIS.

Preliminary Issues

For significant issues were identified based on comments the public submitted on the May 2007 Scoping Report. These issues involve vegetation and associated road management adjacent to the Boundary Waters Canoe Area Wilderness, project activities that have the potential to affect lynx and lynx habitat, concern about non-native invasive species, and impacts to Forest Plan Inventoried Roadless Areas.

Permits or Licenses Required

Easement or permission to cross non-federal property may be needed to

access some treatment units to implement Forest Service activities.

Comment Requested

This notice of intent initiates the scoping process which guides the development of the environmental impact statement. Written comments will be solicited through a notice that will be sent to the Glacier Project mailing list.

Early Notice of Importance of Public Participation in Subsequent Environmental Review: A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the court. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the

National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products and services to the Government.

2. If approved, the action will result in authorizing small entities to furnish the products and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the products and services proposed for addition to the Procurement List.

Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

End of Certification

The following products and services are proposed for addition to Procurement List for production by the nonprofit agencies listed:

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Addition

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to the Procurement List.

SUMMARY: This action adds to the Procurement List a service to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: December 2, 2007.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202–3259.

FOR FURTHER INFORMATION CONTACT: Kimberly M. Zeich, Telephone: (703) 603–7740, Fax: (703) 603–0655, or e-mail CMTEFedReg@jwod.gov.

SUPPLEMENTARY INFORMATION: On September 14, 2007, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (72 FR 52542) of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the service listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the Government.

2. The action will result in authorizing small entities to furnish the service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the service proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service is added to the Procurement List:
