

through reforestation and other restoration efforts.

With the approval of this revised management plan, the boundary will be amended to incorporate an additional six parcels—all found within the priority acquisition area identified in the 2013 revision of the plan—increasing the total acreage to 6,364 acres. These parcels include lands that enhance and contribute to the ecological protection within the Blackbird Creek watershed. The “McKinley” property at 531 Union Church Road is 67.4 acres in size and includes a mix of native hardwoods and coastal plain ponds (Delmarva Bays). At 0 Taylors Bridge Road, the 32-acre “Unruh” property includes a wooded tributary buffer and agricultural lands. Three parcels known as the “Norris” property, totaling 42.6 acres at Union Church Road, were acquired to improve wildlife corridor habitat and include forest and agriculture lands. Additionally, an inholding property known as “Manwaring” at 789 Blackbird Landing Road, 16.3 acres in size, was acquired. More details on these parcels and the boundary change may be found in the revised management plan.

In addition to continuing the tradition of robust local community education, training and research and stewardship programs, the Delaware National Estuarine Research Reserve intends, in this next management planning period, to focus on creating demonstration areas that can be used to model best management practices for local landowners; fostering the next generation of coastal professionals and conservation stewards; engaging land managers in conversations based on watershed scale conservation; and connecting with the Delaware community in a meaningful and inclusive manner to identify their needs as the stakeholders of this research reserve. The revised management plan will serve as the guiding document for this 6,364-acre research reserve for the next five years.

NOAA reviewed the environmental impacts of the revised management plan and determined that this action is categorically-excluded from further analysis under the National Environmental Policy Act, consistent with NOAA Administrative Order 216–6.

#### NOAA Fisheries Draft Climate Science Regional Action Plans (2022–2024)

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of availability of the NOAA Fisheries Draft Climate Science Regional Action Plans (2022–2024); request for comments.

**SUMMARY:** We, NMFS, announce the availability of Draft Climate Science Regional Action Plans designed to increase the production, delivery and use of climate-related information to fulfill our stewardship mission for the Nation’s valuable living marine resources. We are soliciting review and comment from the public and all interested parties, and will consider all substantive comments received during the review period before publishing final Plans. Comments are invited on: (a) The clarity of the goals and activities in the draft Plans, (b) how to strengthen the draft Plans and activities; (c) what additional goals and activities need to be addressed. Comments submitted in response to this notice will be provided to the Regional Action Plan Teams for consideration in development of the final Plans.

**DATES:** Comments on the Draft Climate Science Regional Action Plans must be received by June 2, 2022.

**ADDRESSES:** To review the draft regional plans, visit: <https://www.fisheries.noaa.gov/national/climate/climate-science-strategy-regional-action-plans>.

Comments may be submitted on the NOAA Fisheries Draft Climate Science Regional Action Plans, identified by NOAA–NMFS–2022–0007 by any of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal eRulemaking Portal. Go to [www.regulations.gov](http://www.regulations.gov) and enter NOAA–NMFS–2022–0007 in the Search box. Click the “Comment” icon and complete the required fields, and enter or attach your comments.

- **Mail:** Submit written comments to Roger Griffis, NMFS/Office of Science and Technology, 1315 East-West Highway, Silver Spring, MD 20910. Include on the envelope the following identifier “Draft Climate Science Regional Action Plans Comments.”

**Instructions:** Comments sent by any other method, to any other address or
