

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68320; File No. SR-NYSEArca-2012-108]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Designation of Longer Period for Commission Action on Proposed Rule Change, as Modified by Amendment No. 1 Thereto, Relating to the Listing and Trading of Shares of the NYSE Arca U.S. Equity Synthetic Reverse Convertible Index Fund Under NYSE Arca Equities Rule 5.2(j)(3)

November 29, 2012.

On September 27, 2012, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares ("Shares") of the NYSE Arca U.S. Equity Synthetic Reverse Convertible Index Fund ("Fund") under NYSE Arca Equities Rule 5.2(j)(3). On October 2, 2012, the Exchange submitted Amendment No. 1 to the proposed rule change. The proposed rule change, as modified by Amendment No. 1, was published in the **Federal Register** on October 18, 2012.³ The Commission received no comment letters on the proposal.

Section 19(b)(2) of the Act⁴ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day for this filing is December 2, 2012. The Commission is extending this 45-day time period.

The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change. The proposed rule change would allow the Exchange to list and trade Shares of the Fund under NYSE Arca Equities Rule 5.2(j)(3), which

governs the listing and trading of Investment Company Units.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁵ designates January 16, 2013, as the date by which the Commission should either approve or disapprove or institute proceedings to determine whether to disapprove the proposed rule change (File Number SR-NYSEArca-2012-108).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶

Deputy Secretary.

DEPARTMENT OF STATE

[Public Notice 8102]

Application for a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States and Canada

AGENCY: Department of State.

ACTION: Notice of Receipt of Application for a Presidential Permit to Operate and Maintain Pipeline Facilities on the Border of the United States and Canada.

SUMMARY: Notice is hereby given that the Department of State (DOS) received an application from Plains LPG Services, L.P. (Plains LPG) to operate and maintain facilities it has acquired pertaining to six pipelines at the U.S.-Canada border (St. Clair Pipeline border facilities). The pipeline facilities were previously owned by Dome Petroleum, which operated and maintained them pursuant to earlier Presidential Permits. Plains LPG requests issuance of a new permit reflecting sole ownership of the St. Clair Pipeline border facilities and allowing Plains LPG to operate and maintain those facilities for use in transporting liquefied hydrocarbons, consistent with the terms of the currently applicable permits. The Plains application will supersede an application made by Dome on May 14, 2010 as it relates to the St. Clair Pipeline border facilities.

The St. Clair pipelines cross the Canada-United States border from Sarnia, Canada into the United States, underneath the St. Clair River, terminating in Marysville, Michigan. The first two of the St. Clair Pipelines were constructed and a permit issued in 1918. The remaining four of the St. Clair Pipelines were constructed and a permit issued in 1973.

Plains LPG is a Texas limited partnership with its principle place of business at 333 Clay Street, Suite 1600, Houston Texas, 77002. Plains LPG is a subsidiary of Plains All American Pipeline, L.P. ("Plains"), a publicly traded master limited partnership organized under the laws of the State of Delaware and headquartered in Houston, Texas.

Plains LPG acquired the St. Clair Pipelines following the indirect

acquisition of Dome Petroleum LLC (formerly known as Dome Petroleum Corp.) by Plains LPG's affiliate, Plains Midstream Canada ULC (Plains Midstream). Specifically, Plains Midstream acquired BP Canada Energy Corporation, which owned Dome Petroleum LLC. Immediately following the acquisition by Plains Midstream, Dome Petroleum LLC became Plains Midstream Superior LLC, which subsequently merged with Plains LPG. That acquisition and merger resulted in the allocation and transfer of the St. Clair Pipeline border facilities to Plains LPG.

Under E.O. 13337 the Secretary of State is designated and empowered to receive all applications for Presidential Permits for the construction, connection, operation, or maintenance at the borders of the United States, of facilities for the exportation or importation of liquid petroleum, petroleum products, or other non-gaseous fuels to or from a foreign country. The Department of State is circulating this application to concerned federal agencies for comment. The Department of State has the responsibility to determine whether issuance of a new Presidential Permit reflecting the change in ownership or control of the St. Clair Pipeline border facilities would be in the U.S. national interest.

DATES: Interested parties are invited to submit comments not later than 30 days after the publication date of this notice by email to Plainslpgservicespermit@state.gov with regard to whether issuing a new Presidential Permit reflecting the corporate succession and authorizing Plains LPG to operate and maintain the St. Clair Pipeline border facilities would be in the national interest. The application is available at <http://www.state.gov/e/enr/c52945.htm>.
