BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2005-21613]

Petition for Extension of Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on April 8, 2021, the Association of American Railroads (AAR), on behalf of itself and its member railroads, petitioned the Federal Railroad Administration (FRA) for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 229, Railroad Locomotive Safety Standards. The relevant FRA Docket Number is FRA-2005-21613.

Specifically, AAR requests an extension of the relief granted from 49 CFR 229.29, *Air brake system calibration, maintenance, and testing*, applicable to New York Air Brake CCB-1, CCB-2, and CCB-26; Wabtec Railway Electronics EPIC-3102D2 and EPIC-2; and FastBrake electronic air brake systems, for the extension of time intervals for level two and level three locomotive air brake system maintenance. AAR states that throughout the history of this waiver, several test committees, made up of representatives from industry, labor, and FRA, were formed to study air brake systems. AAR notes that FRA may propose codifying provisions of this waiver in the future. Additionally, AAR requests that FRA grant a unified extension to all AAR member railroads that are currently participating in this waiver.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a

hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>.

Follow the online instructions for submitting comments.

- *Fax:* 202-493-2251.

- *Mail:* Docket Operations Facility, U.S. Department of Transportation (DOT), 1200 New Jersey Ave. SE, W12-140, Washington, DC 20590.

Communications received by June 7, 2021 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable. Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2021-0031]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on March 9, 2021, Union Pacific Railroad Company (UPRR) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR parts 215, Railroad Freight Car

Safety Standards, and 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment; End-Of-Train Devices. FRA assigned the petition Docket Number FRA-2021-0031.

Specifically, UPRR requests relief from 49 CFR 215.13, *Pre-departure inspection*, which requires an inspection when combining two separate consists including one or more cars and one or more locomotives that have been properly inspected and tested in compliance with all applicable regulations, meaning that both consists have had a Class I brake test (§ 232.205), Class IA brake test (§ 232.207), or have been designated as extended haul trains and are compliant with all requirements of § 232.213. UPRR states that the requested relief will allow combining two existing and operating trains without additional inspections, besides a Class III brake test. It further states that the relief will allow subsequent separation of two trains without additional inspections, besides a Class III brake test, provided that a record of the original consist remains intact.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2021-0025; Notice 1]

Combi USA, Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Combi USA (Combi), has determined that certain Combi USA BabyRide rear-facing child restraint systems manufactured between March 1, 2016, and September 2, 2019, do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 213, *Child Restraint Systems*. Combi filed an original noncompliance report dated March 8, 2021, and later amended it on March 10, 2021, and March 11, 2021. Subsequently, Combi petitioned NHTSA on March 30, 2021, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This notice announces receipt of Combi's petition.

DATES: Send comments on or before May 24, 2021.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited in the title of this notice and submitted by any of the following methods:

- **Mail:** Send comments by mail addressed to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room

W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- **Hand Delivery:** Deliver comments by hand to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except for Federal holidays.

- **Electronically:** Submit comments electronically by logging onto the Federal Docket Management System (FDMS) website at <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

- Comments may also be faxed to (202) 493-2251.

Comments must be written in the English language and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that the comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <https://www.regulations.gov>, including any personal information provided.

All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the fullest extent possible.

When the petition is granted or denied, notice of the decision will also be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

All comments, background documentation, and supporting materials submitted to the docket may be viewed by anyone at the address and times given above. The documents may also be viewed on the internet at <https://www.regulations.gov> by following the online instructions for accessing the docket. The docket ID number for this petition is shown in the heading of this notice.

DOT's complete Privacy Act Statement is available for review in a **Federal Register** notice published on April 11, 2000 (65 FR 19477-78).

FOR FURTHER INFORMATION CONTACT:

Kelley Adams-Campos, Safety Compliance Engineer, NHTSA, Office of Vehicle Safety Compliance, kelley.adamscampos@dot.gov.

SUPPLEMENTARY INFORMATION:

I. Overview

Combi has determined that certain Combi USA BabyRide rear-facing child restraint systems manufactured between March 1, 2016, and September 2, 2019, do not fully comply with the requirements of paragraph S5.4.1.2(a) of FMVSS No. 213, *Child Restraint Systems* (49 CFR 571.213). Combi filed an original noncompliance report dated March 8, 2021, and later amended it on March 10, 2021, and March 11, 2021, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. Combi subsequently petitioned NHTSA on March 30, 2021, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance*.

This notice of receipt of Combi's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any Agency decision or other exercise of judgment concerning the merits of the petition.

II. Child Restraint Systems Involved

Approximately 13,880 Combi USA BabyRide rear-facing child restraint systems with model number 378099, manufactured between March 1, 2016, and September 2, 2019, are potentially involved.

III. Noncompliance

Combi explains that the noncompliance is that the subject rear-facing child restraint systems are equipped with 25-mm-wide webbing used in the center front harness adjuster that does not comply with the minimum breaking strength requirements as required in paragraph S5.4.1.2(a) of FMVSS No. 213. Specifically, the subject child restraint systems have an initial breaking strength of between 9,622 N and 10,136 N (median load 9,871 N), which is less than the required minimum breaking strength of 11,000 N.

IV. Rule Requirements

Paragraph S5.4.1.2(a) of FMVSS No. 213 includes the requirements relevant to this petition. The webbing of belts provided with a child restraint system and used to attach the system to the vehicle or to restrain the child within the system shall have a minimum breaking strength for new webbing of not less than 15,000 N in the case of webbing used to secure a child restraint
