#### SUPPLEMENTARY INFORMATION:

##### Background

The Office of Management and Budget (OMB) issued M-21-07, "Completing the Transition to Internet Protocol Version 6 (IPv6)" located at: <https://www.whitehouse.gov/wp-content/uploads/2020/11/M-21-07.pdf> in November 2020 to update guidance on the Federal government's operational deployment and use of IPv6. The memo communicates five categories of agency-level requirements for completing the deployment of IPv6 across all Federal information systems and services:

- Preparing for an IP6-only infrastructure
- Adhering to Federal IPv6 Acquisition Requirements
- Evolving the USGv6 Program
- Ensuring Adequate Security
- Government-wide Responsibilities

##### Format

The IPv6 Summit convenes leaders from the Federal Government and industry to discuss their experiences

implementing IPv6. If you have questions, you would like to ask the panelists about IPv6, you can submit them via email to [dccoi@gsa.gov](mailto:dccoi@gsa.gov) by COB June 10, 2022.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Notice of Extension and Modification of Temporary Suspension of Dogs Entering the United States From High-Risk Rabies Countries

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), within the Department of Health and Human Services (HHS), announces an extension and modification of the current temporary suspension of the importation into the United States of dogs from high-risk rabies-enzootic countries (high-risk countries). This suspension includes dogs that have been in any high-risk countries during the previous six months.

**DATES:** The extension and modification of the temporary suspension of the importation of dogs into the United States from high-risk rabies countries will be implemented on June 10, 2022 and will remain in effect through January 31, 2023.

#### FOR FURTHER INFORMATION CONTACT:

Ashley C. Altenburger, J.D., Division of Global Migration and Quarantine, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H16-4, Atlanta, GA 30329. Telephone: 1-800-232-4636. For information regarding CDC regulations for the importation of dogs: Dr. Emily Pieracci, D.V.M., Division of Global Migration and Quarantine, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS V-18-2, Atlanta, GA 30329. Telephone: 1-800-232-4636.

**SUPPLEMENTARY INFORMATION:** While CDC is modifying the terms of the suspension to allow more dog importations, a suspension remains necessary to protect the public's health against the reintroduction of the canine rabies virus variant (CRVV) into the United States. This extension and modification is based on various factors, including: The threat that unvaccinated or inadequately vaccinated dogs from high-risk countries continue to pose; insufficient veterinary controls in place in high-risk countries to prevent the export of inadequately vaccinated dogs; and ongoing limited availability of public health resources at the Federal, State, and local levels, particularly in the global context of the coronavirus disease 2019 (COVID-19) pandemic.
