DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute of Biomedical Imaging and Bioengineering; Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the National Advisory Council for Biomedical Imaging and Bioengineering.

The meeting will be open to the public by videocast as indicated below.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications and/or contract proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Advisory Council for Biomedical Imaging and Bioengineering NACBIB, May 2022.

Date: May 17, 2022.

Open: 12:00 p.m. to 3:45 p.m.

Agenda: Report from the Institute Director, Council Members and other Institute Staff.

Place: National Institutes of Health, Democracy II, 6707 Democracy Boulevard, Bethesda, MD 20892 (Virtual Meeting).

Closed: 3:00 p.m. to 4:00 p.m.

Agenda: To review and evaluate grant applications and/or proposals.

Place: National Institutes of Health, Democracy II, 6707 Democracy Boulevard, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: David T. George, Ph.D., Associate Director for Research Administration, Office of Research Administration, National Institute of Biomedical Imaging and Bioengineering, 6707 Democracy Boulevard, Room 920, Bethesda, MD 20892, georged@mail.nih.gov.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: <https://www.nibib.nih.gov/about-nibib/advisory-council>, where an agenda and any additional information for the meeting will be posted when available.

Dated: April 5, 2022.

Victoria E. Townsend,

Program Analyst, Office of Federal Advisory Committee Policy.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R8-ES-2021-N175;

FXES11140800000-212-FF08EVEN00]

Endangered and Threatened Wildlife and Plants; Draft Habitat Conservation Plan and Draft Categorical Exclusion for the California Red-Legged Frog and the Southwestern Pond Turtle; Tajiguas Landfill and ReSource Center Project, Santa Barbara County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the availability of a draft habitat conservation plan (HCP) and draft categorical exclusion (CatEx) for activities associated with an application for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended. The ITP would authorize take of the California red-legged frog and southwestern pond turtle incidental to

activities associated with the operations, maintenance, and closure of the Tajiguas Landfill and ReSource Center in Santa Barbara County, California. The applicant developed the draft HCP as part of their application for an ITP. The Service prepared a draft low-effect screening form and environmental action statement in accordance with the National Environmental Policy Act to evaluate the potential effects to the natural and human environment resulting from issuing an ITP to the applicant. We invite public comment on these documents.

DATES: Written comments should be received on or before May 9, 2022.

ADDRESSES:

Obtaining Documents: You may download a copy of the draft HCP and draft CatEx at <https://regulations.gov/>, or you may request copies of the documents by U.S. mail (below) or by phone (see **FOR FURTHER INFORMATION CONTACT**).

Submitting Written Comments: Please send us your written comments using one of the following methods:

- *U.S. mail:* Stephen P. Henry, Field Supervisor, Ventura Fish and Wildlife Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, CA 93003.

- *Email:* kirby_bartlett@fws.gov.

FOR FURTHER INFORMATION CONTACT:

Kirby Bartlett, Fish and Wildlife Biologist, by email (see **ADDRESSES**), via phone at (805) 677-3307, via the Federal Relay Service at 1-800-877-8339 for TTY assistance, or by mail (see **ADDRESSES**).

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a draft habitat conservation plan (HCP) and draft low-effect screening form and environmental action statement for activities associated with an application for an incidental take permit (ITP) under section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The ITP would authorize take of the California red-legged frog (*Rana draytonii*) and Southwestern pond turtle incidental to activities associated with continued operation of the Tajiguas Landfill including regular operations, maintenance and repair activities; operation and maintenance of the ReSource Center; construction of ancillary components of the ReSource Center; and closure and post closure maintenance of the Tajiguas Landfill. The applicant developed the draft HCP as part of their application for an ITP. The Service prepared a draft low-effect screening form and environmental

action statement in accordance with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) to evaluate the potential effects to the natural and human environment resulting from issuing an ITP to the applicant. We invite public comment on all of these documents.

Background

The Service listed the California red-legged frog as threatened on May 23, 1996 (61 FR 25813). The Service is currently evaluating southwestern pond turtle for listing following the filing of a petition to list this species (80 **Federal Register** [FR] 19259, April 10, 2015), and southwestern pond turtle is a California state species of special concern. Section 9 of the ESA prohibits take of fish and wildlife species listed as endangered (16 U.S.C. 1538). Under the ESA, “take” is defined to include the following activities: “to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct” (16 U.S.C. 1532). Under section 10(a)(1)(B) of the ESA (16 U.S.C. 1539(a)(1)(B)), we may issue permits to authorize take of listed fish and wildlife species that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for endangered species are in the Code of Federal Regulations (CFR) at 50 CFR 17.22. Issuance of an ITP also must not jeopardize the existence of federally listed fish, wildlife, or plant species, pursuant to section 7 of the ESA and 50 CFR 402.02. The permittee would receive assurances under our “No Surprises” regulations (50 CFR 17.22(b)(5)).

Proposed Activities

The applicant has applied for a permit for incidental take of California red-legged frog and southwestern pond turtle. The take would occur in association with the operations, maintenance, and closure of the Tajiguas Landfill and ReSource Center in Santa Barbara County, California.

The HCP includes avoidance and minimization measures for the California red-legged frog and southwestern pond turtle and mitigation for unavoidable loss of habitat. As mitigation, the applicant proposes to protect 110-s of otherwise developable land adjacent to the Tajiguas Landfill with a conservation easement. The proposed conservation easement area is comprised of aquatic, adjacent upland, and dispersal habitat within California red-legged frog Critical Habitat Unit STB-6; including 3,500 linear feet of

occupied California red-legged frog and southwestern pond turtle breeding habitat within Arroyo Quemado drainage.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.

Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6).

Stephen Henry,

Field Supervisor, Ventura Fish and Wildlife Office, Ventura, California.

Notice of Intent To Repatriate Cultural Items: Sam Noble Oklahoma Museum of Natural History, University of Oklahoma, Norman, OK

AGENCY: National Park Service, Interior.
ACTION: Notice.

SUMMARY: The Sam Noble Oklahoma Museum of Natural History (Museum) at the University of Oklahoma, in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, has determined that the cultural item listed in this notice meets the definition of an unassociated funerary object. Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim this cultural item should submit a written request to the Museum. If no additional claimants come forward, transfer of control of the cultural item to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not

identified in this notice that wish to claim this cultural item should submit a written request with information in support of the claim to the Museum at the address in this notice by May 9, 2022.

FOR FURTHER INFORMATION CONTACT: Dr. Marc Levine, Associate Curator of Archaeology, Sam Noble Oklahoma Museum of Natural History, University of Oklahoma, 2401 Chautauqua Avenue, Norman, OK 73072–7029, telephone (405) 325–1994, email mlevine@ou.edu.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate a cultural item under the control of the Sam Noble Oklahoma Museum of Natural History, University of Oklahoma, Norman, OK, that meets the definition of an unassociated funerary object under 25 U.S.C. 3001.

This notice is published as part of the National Park Service’s administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American cultural items. The National Park Service is not responsible for the determinations in this notice.

History and Description of the Cultural Item

In 1941, one unassociated funerary object—a metal ring—was removed from a burial at the Clement 1 site (34Mc8) in McCurtain County, OK. The metal ring was recovered during excavations carried out by the Works Progress Administration in 1941 and was transferred to the Museum sometime that year.

Although the Clement 1 site (34Mc8) includes a pre-contact component, the ring was interred during a reoccupation of the site sometime after the 1700s. Based on archeological, geographical, and historical evidence, as well as oral history and information gained through tribal consultation, the ring and associated burial most likely are culturally affiliated with The Choctaw Nation of Oklahoma.

Determinations Made by the Sam Noble Oklahoma Museum of Natural History

Officials of the Sam Noble Oklahoma Museum of Natural History have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the one cultural item described above is reasonably believed to have been placed with or near individual human remains at the time of death or later as part of
