

Conclusion

In accordance with NEPA, Lieutenant General Kadish considered the information contained within the GMD ETR EIS as well as cost, mission requirements and other factors in deciding to establish and extend GMD test range capability at KLC.

He previously chose Alternative 2, and deferred the portion of Alternative 2 regarding activities at KLC until the FAA re-licensing activity occurred. After his review of this action, he is satisfied that all concerns have been addressed, and is accordingly issuing this supplemental ROD regarding KLC.
