

law firms or other third-parties failing to meet the above criteria.

Applicants who received funding under this program in the past for committee operations are generally not eligible to apply. The only exceptions apply to grantees who seek funds on behalf of an entirely different committee whose efforts are totally outside of the scope of the original grant.

D. Allocations

The FY 2001 appropriation for this program is expected to be \$1.5 million, of which at least \$1,000,000 will be available competitively for new applicants. Specific funding levels will not be established for each type of committee. The review process will be conducted in such a manner that at least two awards will be made in each category (company/plant, industry, public sector, and area), providing that FMCS determines that at least two outstanding applications exist in each category. After these applications are selected for award, the remaining applications will be considered according to merit without regard to category.

In addition to the competitive process identified in the preceding paragraph, FMCS will set aside a sum not to exceed thirty percent of its nonreserved appropriation to be awarded on a non-competitive basis. These funds will be used only to support applications that have been solicited by the Director of the Service and are not subject to the dollar range noted in Section E.

FMCS reserves the right to retain up to five percent of the FY2001 appropriation to contract for program support purposes (such as evaluation) other than administration.

E. Dollar Range and Length of Grants and Continuation Policy

Awards to expand existing or establish new labor-management committees will be for a period of 18 months. If successful progress is made during this initial budget period and all grant funds are not obligated within 18 months, these grants may be extended for up to six months. No continuation awards will be made.

The dollar range of awards is as follows:

- Up to \$65,000 over 18 months for company/plant committees or single department public sector applicants;
- Up to \$125,000 per 18-month period for area, industry, and multi-department public sector committee applicants.

Applicants are reminded that these figures represent maximum Federal

funds only. If total costs to accomplish the objectives of the application exceed the maximum allowable Federal funding level and its required grantee match, applicants may supplement these funds through voluntary contributions from other sources. Applicants are also strongly encouraged to consult with their local or regional FMCS field office to determine what kinds of training may be available at no cost before budgeting for such training in their applications. A list of our field leadership team and their phone numbers is included in the application kit.

F. Cash Match Requirements and Cost Allowability

All applicants must provide at least 10 percent of the total allowable project costs. Matching funds may come from state or local government sources or private sector contributions, but may generally not include other Federal funds. Funds generated by grant-supported efforts are considered "project income," and may not be used for matching purposes.

It will be the policy of this program to reject all requests for indirect or overhead costs as well as "in-kind" match contributions. In addition, grant funds must not be used to supplant private or local/state government funds currently spent for committee purposes. Funding requests from existing committees should focus entirely on the costs associated with the expansion efforts. Also, under no circumstances may business or labor officials participating on a labor-management committee be compensated out of grant funds for time spent at committee meetings or time spent in committee training sessions. Applicants generally will not be allowed to claim all or a portion of existing full-time staff as an expense or match contribution. For a more complete discussion of cost allowability, applicants are encouraged to consult the FY2001 FMCS Financial and Administrative Grants Manual which will be included in the application kit.

G. Application Submission and Review Process

Applications must be signed by both a labor and management representative and be postmarked or electronically transmitted no later than May 19, 2001. No applications or supplementary materials can be accepted after the deadline. It is the responsibility of the applicant to ensure that the application is correctly postmarked by the U.S. Postal Service or other carrier. An original application containing

numbered pages, plus three copies, should be addressed to the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW, Washington, D.C. 20427. FMC will not consider videotaped submissions or video attachments to submissions. Those wishing to send their application by e-mail should consult the FMCS web site (www.fmcs.gov) to determine how and if to proceed.

After the deadline has passed, all eligible applications will be reviewed and scored initially by one or more Grant Review Boards. The Board(s) will recommend selected applications for rejection or further funding consideration. The Director, Program Services, will finalize the scoring and selection process. The individual listed as contact person in Item 6 on the application form will generally be the only person with whom FMCS will communicate during the application review process.

All FY2001 grant applicants will be notified of results and all grants awards will be made before September 15, 2001. Applications submitted after the May 19 deadline date or that fail to adhere to eligibility or other major requirements will be administratively rejected by the Director, Program Services.

Individuals wishing to apply for funding under this program should contact the Federal Mediation and Conciliation Service as soon as possible to obtain an application kit. Please consult the FMCS web site (www.fmcs.gov) to determine when/if the application can be submitted electronically.
