(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Deborah S. Ingram,

Acting Deputy Assistant Administrator for Mitigation, Mitigation Directorate, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. E9-28310 Filed 11-24-09; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2008-0020]

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the

communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C

Street, SW., Washington, DC 20472, (202) 646-2820.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Assistant Administrator for Mitigation has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at

selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of

Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

■ 2. The tables published under the authority of § 67.11 are amended as follows:

Flooding source(s)	Location of referenced elevation	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground modified	Communities affected
Merrick County, Nebraska, and Incorporated Areas Docket No.: FEMA-B-1010			
Platte River	Approximately 0.50 mile downstream of Union Pacific Railroad. Approximately 0.68 miles upstream of State Highway 14 ..	+1,685 +1,711	Unincorporated Areas of Merrick County.

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

ADDRESSES

Unincorporated Areas of Merrick County

50 CFR Part 300

RIN 0648-XS30

Fraser River Sockeye and Pink Salmon Fisheries; Inseason Orders

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary orders; inseason orders; request for comments.

SUMMARY: NMFS publishes Fraser River salmon inseason orders to regulate salmon fisheries in U.S. waters. The orders were issued by the Fraser River Panel (Panel) of the Pacific Salmon Commission (Commission) and subsequently approved and issued by NMFS during the 2009 salmon fisheries within the U.S. Fraser River Panel Area. These orders established fishing dates, times, and areas for the gear types of U.S. treaty Indian and all citizen fisheries during the period the Panel exercised jurisdiction over these fisheries.

DATES: The effective dates for the inseason orders are set out in this document under the heading Inseason Orders. Comments will be accepted through December 10, 2009.

ADDRESSES: You may submit comments, identified by 0648-XS30 by any one of the following methods:

Electronic Submissions: Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>

Fax: 206-526-6736

Mail: NMFS NWR, 7600 Sand Point Way NE, Seattle, WA 98115.

Instructions: All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (for example, name address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or

otherwise sensitive or protected information.

NMFS will accept anonymous comments (enter N/A in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT:

Peggy Busby, by phone at 206-526-4323, peggy.busby@noaa.gov

SUPPLEMENTARY INFORMATION: The Treaty between the Government of the United States of America and the Government of Canada concerning Pacific Salmon was signed at Ottawa on January 28, 1985, and subsequently was given effect in the United States by the Pacific Salmon Treaty Act (Act) at 16 U.S.C. 3631-3644.

Under authority of the Act, Federal regulations at 50 CFR part 300, subpart F provide a framework for the implementation of certain regulations of the Commission and inseason orders of the Commission's Fraser River Panel for U.S. sockeye and pink salmon fisheries in the Fraser River Panel Area.

The regulations close the U.S. portion of the Fraser River Panel Area to U.S. sockeye and pink salmon fishing unless opened by Panel orders that are given effect by inseason regulations published by NMFS. During the fishing season, NMFS may issue regulations that establish fishing times and areas consistent with the Commission agreements and inseason orders of the Panel. Such orders must be consistent with domestic legal obligations and are issued by Regional Administrator, Northwest Region, NMFS. Official notification of these inseason actions is provided by two telephone hotline numbers described at 50 CFR 300.97(b)(1) and in 74 FR 20610 (May 5, 2009). The inseason orders are published in the **Federal Register** as soon as practicable after they are issued. Due to the frequency with which inseason orders are issued, publication of individual orders is impractical. Therefore, the 2009 orders are being published in this single document to avoid fragmentation.

Inseason Orders

The following inseason orders were adopted by the Panel and issued for U.S. fisheries by NMFS during the 2009 fishing season. Each of the following inseason actions was effective upon announcement on telephone hotline numbers as specified at 50 CFR 300.97(b)(1) and in 74 FR 20610 (May 5, 2009); those dates and times are listed herein. The times listed are local times,

and the areas designated are Puget Sound Management and Catch Reporting Areas as defined in the Washington State Administrative Code at Chapter 220-22.

Order Number 2009-01: Issued 3 p.m., August 25, 2009

Treaty Indian Fisheries

Areas 4B, 5 and 6C: Open to drift gillnets from 12 p.m. (noon), Wednesday, August 26, 2009 to 12 p.m. (noon) Saturday, August 29, 2009.

All Citizen Fisheries

Areas 7 and 7A Reef net: Open to pink salmon fishing with non-retention of sockeye salmon 5 a.m. to 9 p.m. on Wednesday, August 26, 2009, 5 a.m. to 9 p.m. on Thursday, August 27, 2009; and 5 a.m. to 9 p.m. on Friday, August 28, 2009.

Order Number 2009-02: Issued 1:50 p.m., August 26, 2009

Treaty Indian Fisheries

Areas 6, 7, and 7A: Open to drift gillnets and purse seine from 5 a.m., Friday, August 28, 2009 to 8 a.m., Saturday, August 29, 2009.

All Citizen Fisheries

Area 7 Purse Seine: Open to pink salmon fishing with non-retention of sockeye salmon 5 a.m. to 9 p.m. on Thursday, August 27, 2009.

Area 7 Gillnet: Open to pink salmon fishing with non-retention of sockeye salmon 8 a.m. to 11:59 p.m. (midnight) on Thursday August 27, 2009.

Area 7 Purse Seine Open to pink salmon fishing with non-retention of sockeye salmon 3 p.m. to 9 p.m. on Thursday, August 27, 2009.

Area 7A Gillnet: Open 3 p.m. to 11:59 p.m. (midnight) on Thursday August 27, 2009.

Order Number 2009-03: Issued 12:15 p.m., August 28, 2009

Treaty Indian Fisheries

Areas 4B, 5 and 6C: Open to drift gillnets from 12 p.m. (noon), Saturday, August 29, 2009 to 12 p.m. (noon) Wednesday, September 2, 2009.

Areas 6, 7, and 7A: Open to drift gillnets and purse seine from 5 a.m., Sunday, August 30, 2009 to 8 a.m., Monday, August 31, 2009; and from 5 a.m., Tuesday, September 1, 2009 to 8 a.m., Wednesday, September 2, 2009; southerly and easterly of a straight line drawn from the Iwersen Dock on Point Roberts in the State of Washington to the Georgina Point Light at the entrance to Active Pass in the Province of British Columbia.
