SUPPLEMENTARY INFORMATION:

Title of Collection: Electronic Fund Transfer Act (Regulation E).

OMB Control Number: 3170-0014.

Type of Review: Extension of a currently approved information collection.

Affected Public: Businesses and other for-profit institutions.

Estimated Number of Respondents: 600,000.

Estimated Total Annual Burden Hours: 3,361,056.

Abstract: The Electronic Fund Transfer Act (EFTA), 15 U.S.C. 1693 *et seq.*, requires accurate disclosure of the costs, terms, and rights relating to electronic fund transfer (EFT) services and remittance transfer services to consumers. Entities offering EFT services must provide consumers with full and accurate information regarding consumers' rights and responsibilities in connection with EFT services. These disclosures are intended to protect the rights of consumers using EFT services, such as automated teller machine (ATM) transfers, telephone bill-payment services, point-of-sale transfers at retail establishments, electronic check conversion, payroll cards, and preauthorized transfers from or to a consumer's account. EFTA also establishes error resolution procedures and limits consumer liability for unauthorized transfers in connection

with EFT services. EFTA and Regulation E impose disclosure and other requirements on issuers and sellers of gift cards, gift certificates, and general-use prepaid cards. Further, EFTA and Regulation E provide protections for consumers in the United States who send remittance transfers to persons in a foreign country. It also provides comprehensive protections for consumers who use "prepaid accounts." Tailored provisions governing disclosures, limited liability, error resolution, and periodic statements added new requirements regarding the posting of account agreements. Additionally, Regulations E regulates overdraft credit features offered in connection with prepaid accounts.

Request for Comments: The CFPB published a 60-day **Federal Register** notice on March 10, 2025 (90 FR 11600) under Docket Number: CFPB-2025-0009. SUPPLEMENTARY INFORMATION:

Previously, DOE authorized Lake Charles LNG Export to export domestically produced LNG by vessel

from the Lake Charles Terminal, located in Lake Charles, Louisiana, to any country with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries), pursuant to NGA section 3(a),¹ under the following orders:

- DOE/FE Order No. 3868, as amended (Docket No. 13-04-LNG), in a volume equivalent to 730 billion cubic per year (Bcf/yr) of natural gas, through December 31, 2050;² and
- DOE/FE Order No. 4010, as amended (Docket No. 16-109-LNG), in a volume equivalent to 121 Bcf/yr of natural gas, through December 31, 2050.³

Both orders originally required Lake Charles LNG Export to “commence export operations using the planned liquefaction facilities no later than seven years from the date of issuance of this Order”—i.e., by July 29, 2023, for Order No. 3868, and by June 29, 2024, for Order No. 4010—but, in October 2020, those deadlines were extended to December 16, 2025, for both orders.⁴ In the Extension Application, Lake Charles LNG Export asks DOE to extend the current “commencement of export operations deadline” in both orders from December 16, 2025, to December 31, 2031.⁵
