Amendment

This notice amends the determinations published in a Notice of Inventory Completion in the **Federal Register** (87 FR 25527-25529, April 29, 2022). Repatriation of the items in the original Notice of Inventory Completion has not occurred. This notice identifies one individual as missing and amends the number of associated funerary objects listed in the original notice by the addition of two associated funerary objects removed from the Carden Bottoms Site (3YE14).

At an unknown date, human remains representing, at minimum, 84 individuals were removed from unidentified sites located in Northeast Arkansas. Of that number, human remains representing one individual is currently missing from the collection. The University of Arkansas Museum continues to look for the missing individual.

From the Carden Bottoms Site (3YE14) in Yell County, AR, the five (previously identified as three) associated funerary objects are two (previously identified as one) complete ceramic bowls, two reconstructed ceramic bowls, and one piece of daub.

Determinations (as amended)

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the University of Arkansas Museum Collections has determined that:

- The human remains represent the physical remains of 211 individuals of Native American ancestry.
- The 103 objects are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in

this notice and the Quapaw Nation (*previously* listed as The Quapaw Tribe of Indians).

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after January 19, 2023. If competing requests for repatriation are received, the University of Arkansas Museum Collections must determine the most appropriate requestor prior to repatriation.
