DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[Docket 46-2000]

Foreign-Trade Zone 86—Tacoma, Washington Application For Foreign-Trade Subzone Status Matsushita Kotobuki Electronics Industries of America, Inc. (9- and 13-inch Television/Video Cassette Recorder Combination Units) Vancouver, Washington

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Tacoma, Washington, grantee of FTZ 86, requesting special-purpose subzone status for the manufacturing and warehousing facilities (9- and 13-inch television/video cassette recorder combination ("TV/VCR") units) of Matsushita Kotobuki Electronics Industries of America, Inc. (MKA), located at sites in Vancouver, Washington. The application indicates that MKA's Vancouver facilities also produce TV/VCR units in sizes larger than the 9- and 13-inch units, but that the company is not seeking authority to produce the larger sizes under FTZ procedures. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on August 2, 2000.

The MKA facilities are located at four sites in Vancouver, Washington (five buildings and two trailers, 427,300 sq. ft. total): *Site #1* (one manufacturing building, one warehouse building and two office trailers/282,800 sq. ft.)—located at 2001 Kotobuki Way; *Site #2* (one warehouse building/8,500 sq. ft.)—located across the street from 2001 Kotobuki Way; *Site #3* (one warehouse building/108,000 sq. ft.)—located at 3201 Lower Port Road; and *Site #4* (one warehouse building/28,000 sq. ft.)—located at 1923 Elevator Way.

The facilities (475 full-time employees and 160-180 contract employees) are used for the assembly and warehousing of MKA's TV/VCR units. Some of the components used in the manufacturing process are purchased from abroad, and account for 72% to 73% of finished product value. The imported components and their duty rates are as follows: 9-inch cathode
