

last 21 NM of the airway; terminating the route at the existing RUGBB fix, shared with V-502. Ending the modified V-508 at the RUGBB fix would provide eastbound IFR aircraft with the ability to continue to destinations further east or northeast via transition from V-508 to V-502.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The VOR Federal Airways listed in this document would be subsequently published in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it proposes to modify VOR Federal Airways in the vicinity of Olathe, KS.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," prior to any FAA final regulatory action.

SUPPLEMENTARY INFORMATION: In the Notice section of today's **Federal Register**, the DOJ published a new Department-wide Privacy Act system of records, Debt Collection Enforcement System, JUSTICE/DOJ–016, to reflect the consolidation of the Department's debt collection enforcement systems, that were previously maintained in various individual DOJ components, into a single, centralized system. This system of records is maintained by the Department of Justice to cover records used by the Department's components or offices, and/or contract private counsel retained by DOJ to perform legal, financial and administrative services associated with the collection of debts due the United States, including related negotiation, settlement, litigation, and enforcement efforts.

In this rulemaking, the DOJ proposes to exempt certain records in this Privacy Act system of records from certain provisions of the Privacy Act because the system contains material compiled for law enforcement purposes.

Regulatory Flexibility Act

This proposed rule relates to individuals, as opposed to small business entities. Pursuant to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601–612, the proposed rule will not have a significant economic impact on a substantial number of small entities.

Paperwork Reduction Act

The Paperwork Reduction Act of 1995, 44 U.S.C. 3507(d), requires that the DOJ consider the impact of paperwork and other information collection burdens imposed on the public. There are no current or new information collection requirements associated with this proposed rule. The records that are contributed to the Debt Collection Enforcement system would be created in any event by law enforcement entities and their sharing of this information electronically will not increase the paperwork burden on the public.

Unfunded Mandates

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), Public Law 104–4, 109 Stat. 48, requires Federal agencies to assess the effects of certain regulatory actions on State, local, and tribal governments, and the private sector. UMRA requires a written
