DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Community Living****Announcing the Intent To Award a Single-Source Supplement for the Alternatives to Guardianship Youth Resource Center Cooperative Agreement**

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) announces the intent to award a single-source supplement to the current cooperative agreement held by the University of Massachusetts for the Alternatives to Guardianship Youth Resource Center cooperative agreement. The purpose of this project is to divert high school students with intellectual and developmental disabilities (I/DD) away from guardianship to less restrictive decisional supports. The target audience for this information includes youth with I/DD, families and caregivers of high school students with I/DD, teachers, education administrators, advocates, vocational rehabilitation counselors, guidance counselors, and school district officials. The administrative supplement for FY 2024 will amount to \$200,000, bringing the total award for FY 2024 to \$500,000.

FOR FURTHER INFORMATION CONTACT: Dana Fink, 202–795–7604, dana.fink@acl.hhs.gov.

SUPPLEMENTARY INFORMATION: This supplementary funding will expand the Alternatives to Guardianship Youth Resource Center's engagement and education efforts around diverting high school students with I/DD away from guardianship to less restrictive decisional supports. As a result of funding this Center, ACL expects that:

- More students with I/DD will have more decisional options, such as Powers of Attorney, supported-decision-making, joint bank accounts, bill paying services, and medical or educational release forms, on completion of high school;
- Fewer young adults with I/DD will be subject to guardianship;
- The public will become more knowledgeable of alternatives to guardianship; and
- Youth will become more independent by gaining job experience and personal responsibilities.

This supplement will fund:

- Support to enhance the engagement of youth advisory board members, including (1) a dedicated staff member for facilitation and administrative

coordination and support and; (2) paid opportunities for youth advisory board members to be more deeply engaged in project activities.

- Continued support for two additional staff members from grant partner Self-Advocates Becoming Empowered who have joined the youth ambassador training team.
- Support for travel for youth ambassadors and youth advisors to participate in conference presentations.
- Supervisory support for the youth trainer position that will begin. This youth trainer joined the Youth Ambassador workgroup and is a part of the training team that facilitates the third cohort of youth ambassadors from Texas, California, and New York.
- Continued enhancement to the project website, which includes a dedicated page for each of the 40+ youth ambassadors, youth-friendly products and videos, and plain language documents.

The administrative supplement for FY 2024 will amount to \$200,000, bringing the total award for FY 2024 to \$500,000.

Program Name: Center for Youth Voice Youth Choice (CYVYC) Alternatives to Guardianship Youth Resource Center.

Recipient: University of Massachusetts, Boston.

Period of Performance: The supplement award will be issued during the fifth year of the five-year project period of September 1, 2024, through August 31, 2025.

Total Supplement Award Amount: \$200,000.

Award Type: Cooperative Agreement.

Statutory Authority: 42 U.S.C. 15081(2).

Basis for award: The University of Massachusetts is currently funded to carry out the CYVYC Project for the period of September 1, 2020 through August 31, 2025. Much work has already been completed and further tasks are currently being accomplished. It would be unnecessarily time consuming and disruptive to the CYVYC project and the beneficiaries being served for ACL to establish a new grantee at this time when critical services are presently being provided in an efficient manner.

Dated: September 22, 2024.

Alison Barkoff,

Principal Deputy Administrator for the Administration for Community Living, performing the delegable duties of the Administrator and the Assistant Secretary for Aging.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, ACL has submitted the following proposed collection of information to OMB for review and clearance. This announcement solicits comments on the ACL Administration on Aging Formula Grant Programs. As a center in the Administration for Community Living, the Administration on Aging (AoA) provides expertise on program development, advocacy, initiatives for older Americans, their caregivers, and families. Working with state agencies, local agencies, grantees, and community

providers, AoA directs programs authorized by the Older Americans Act (OAA) of 1965 as amended (42 U.S.C. 3001 *et seq.*). The OAA provides the foundation for the National Aging Network, which includes ACL/AoA, state units on aging (SUA), area agencies on aging (AAA), Tribal organizations, service providers, and volunteers. SUAs are an integral part of the network responsible for developing and administering a multi-year state plan that advocates and aids older residents, their families, caregivers, and adults with disabilities. The Elder Justice Act (42 U.S.C. 1397j), passed in 2010 is the first comprehensive legislation to address the abuse, neglect, and exploitation of older adults at the federal level. The law authorized a variety of programs and initiatives to better coordinate federal responses to elder abuse, promote elder justice research and innovation, support Adult Protective Services (APS) systems, and provide additional protections for residents of long-term care facilities. The importance of these services at the state-level and local-level is demonstrated by the fact that states significantly leverage OAA funds to obtain other funding for these activities.

Through these programs, multi-year state plans, assurances, and other financial forms are needed to provide approval and oversight of grant recipients. ACL is seeking approval for a new information collection which will collect data related to AoA formula grant programs. This information collection will include data collection activity for state plans on aging and assurances, financial forms, and a corrective action plan (CAP) template each associated with aging formula grant management. The purpose of this information collection is for programmatic and financial management of the aging and APS formula grants. The state plan on aging documents and provides the opportunity report achievements and planned activities for the multi-year plan period. A wide range of constituents use or will use the state plans on aging to coordinate, monitor, evaluate, and improve aging network by using the state plans on aging as a blueprint for service planning and delivery. Additionally, ACL leverages state plans on aging to understand the numerous services older adults use, and to utilize the information for advocating the needs of older adults, and for requesting additional funding. The financial forms will assist in the facilitation of OAA formula grant management.
