

recommendation, BIS has rewritten the entire EAR. During the course of this process, many activities imposed on the public were changed to reduce the burden, however the methods varied. Some were merely eliminated; others had old activities replaced with newer, simpler activities, and still others had new activities added to permit participation in programs where prohibitions once existed. Therefore, to the extent activities have been added or changed but not deleted, this collection represents the authority to collect, on rare occasions, certain information from the public. This assembly of information collection activities is comprised of two activities. The two of these—“Registration Of U.S. Agricultural Commodities For Exemption From Short Supply Limitations On Export”, and “Petitions For The Imposition Of Monitoring Or Controls On Recyclable Metallic materials; Public Hearings” are statutory in nature and—though they never have been applied—must remain a part of BIS’s information collection budget authorization.

Affected Public: Individuals, businesses or other for-profit and not-for-profit institutions.

Frequency: On occasion.

Respondent’s Obligation: Voluntary.

OMB Desk Officer: David Rostker, 202–395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, Office of the Chief Information Officer, (202) 482–3129, Department of Commerce, room 6608, 14th and Constitution Avenue, NW., Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, room 10202, New Executive Office Building, Washington, DC 20503.

Dated: August 20, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,

However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time limit for the preliminary determination to a maximum of 365 days and the time limit for the final determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

Background

On January 29, 2002, the Department published a notice of initiation of administrative review of the antidumping duty order on certain cased pencils from the People’s Republic of China, covering the period December 1, 2000, through November 30, 2001. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 67 FR 4236. The preliminary results are currently due no later than September 2, 2002.

Kuga to Bernard T. Carreau, dated concurrently with this notice, which is on file in the Central Records Unit, Room B–099 of the Department’s main building. We intend to issue the final results no later than 120 days after the publication of the preliminary results notice.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: August 16, 2002.
