

accepted for 30 days after the public scoping meeting.

From information provided in the alternative evaluation and site selection study, input that may be provided by government agencies, private organizations, and the public, Old Dominion Electric Cooperative will prepare an environmental analysis to be submitted to RUS for review. RUS will use the environmental analysis to determine the significance of the impacts of the project and may adopt it as its environmental assessment of the project. RUS' environmental assessment of the project would be available for review and comment for 30 days.

Should RUS determine, based on the environmental assessment of the project, that the impacts of the construction and operation of the plant would not have a significant environmental impact, it will prepare a finding of no significant impact. Public notification of a finding of no significant impact would be published in the **Federal Register** and in newspapers with a circulation in the project area.

Any final action by RUS related to the proposed project will be subject to, and contingent upon, compliance with environmental review requirements as prescribed by Council on Environmental Quality and RUS environmental policies and procedures.

Dated: April 4, 2001.

Foreign-Trade Zones Board

[Docket A(27f)-16-01]

Foreign-Trade Zone 8—Toledo, OH, Subzone 8H—Sunoco, Inc. (Crude Oil Refinery Complex), Request for Minor Modification

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Sunoco, Inc., operator of FTZ Subzone 8H, pursuant to § 400.27(f) of the Board's regulations, for a minor modification of the list of products that can be produced from non-privileged (NPF) inputs referenced in Restriction #2 of FTZ Board Order 1136 (66 FR 6581, 1/22/01), authorizing Subzone 8H at Sunoco's oil refinery complex in Toledo, Ohio. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the

regulations of the Board (15 CFR part 400). It was formally filed on March 30, 2001.

The company is now requesting to add two additional refinery products—nonene and dodecene (commonly known as propylene trimer and propylene tetramer, respectively)—to the list of petrochemical feedstocks and refinery by-products that can be produced from NPF status inputs (e.g., crude oil) at the refinery. The list is referenced as Appendix "C" of the Examiner's Report in Board Order 1136, Restriction #2.

The request indicates that these products were misclassified under HTSUS subheading 2707.50.00 (other aromatic hydrocarbon mixtures—duty-free) in the list of requested products in the original subzone application. The appropriate HTSUS subheading would be 2901.29.1050 (unsaturated acyclic hydrocarbons, other, other), which became duty-free in 1999.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 9, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to May 24, 2001).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 4008, 14th & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: April 2, 2001.

Dennis Puccinelli,

Executive Secretary.

International Trade Administration

[A-337-803]

Notice of Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Antidumping Duty Administrative Review: Fresh Atlantic Salmon From Chile

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests by eleven producers/exporters of subject merchandise and the petitioners, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on fresh Atlantic salmon from Chile. This review covers eleven producers/exporters of the subject merchandise. The period of review (POR) is July 1, 1999, through June 30, 2000.

We preliminarily determine that sales of subject merchandise by the respondents under review have not been made below normal value (NV). If these preliminary results are adopted in our final results, we will instruct the U.S. Customs Service to liquidate appropriate entries of subject merchandise during the POR without regard to antidumping duties.

We are also preliminarily rescinding this review with respect to two producers.

Interested parties are invited to comment on these preliminary results. Parties who submit arguments are requested to submit with each argument: (1) A statement of the issue and (2) a brief summary of the argument. Further, we would appreciate parties submitting comments to provide the Department with an additional copy of the public version of any such comments on diskette.

EFFECTIVE DATE: April 9, 2001.

FOR FURTHER INFORMATION CONTACT: Edward Easton or Gabriel Adler, at (202) 482-3003 or (202) 482-3813, respectively; AD/CVC Enforcement Office V, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230.
