IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

In its filing, CBOE requested that the Commission approve the proposed rule change on an accelerated basis so that the Program will continue uninterrupted. After careful consideration, the Commission finds the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act⁸ because the proposed rule change will further investor protection and the public interest by permitting the Program to continue uninterrupted since there are currently Credit Options listed for trading on the Exchange that have open interest. In addition, the Commission believes that the proposed alternative tables that may be used by market participants to compute the required margin will provide market participants with some flexibility in computing margin, while still permitting the continued use of the existing margin tables. Finally, the Commission notes that the proposed rule change is substantively similar in all material respects to the margin pilot program administered by FINRA under FINRA Rule 4240.

The Commission also finds good cause, pursuant to Section 19(b)(2) of the Act,⁹ for approving the proposed rule change prior to the 30th day after the date of publication of notice in the **Federal Register**. This accelerated approval will allow the existing decoupled Program to continue without interruption and extend the benefits of a pilot program that the Commission has previously approved and extended. Moreover, the Commission notes that the proposed rule change is

substantively similar in all material respects to the margin pilot program administered by FINRA under FINRA Rule 4240.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-CBOE-2012-007), be, and it hereby is, approved on an accelerated basis to January 17, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Kevin M. O'Neill,
Deputy Secretary.
