

Impact on Availability of Affected Species or Stock for Taking for Subsistence Uses

There are no relevant subsistence uses of marine mammals implicated by this action. Therefore, NMFS has determined that the total taking of affected species or stocks would not have an unmitigable adverse impact on the availability of such species or stocks for taking for subsistence purposes.

Endangered Species Act (ESA)

None of the marine mammals for which incidental take is proposed are listed as threatened or endangered under the ESA. Therefore, NMFS has determined that issuance of the IHA to GFNMS under section 101(a)(5)(D) of the MMPA will have no effect on species listed as threatened or endangered under the ESA.

National Environmental Policy Act (NEPA)

In 2012, we prepared an EA analyzing the potential effects to the human environment from conducting rocky intertidal surveys along the California and Oregon coasts and issued a FONSI on the issuance of an IHA for GFNMS' rocky intertidal surveys in accordance with section 6.01 of the NOAA Administrative Order 216-6 (Environmental Review Procedures for Implementing the National Environmental Policy Act, May 20, 1999). GFNMS' proposed activities and impacts for 2015 are within the scope of our 2012 EA and FONSI. We have reviewed the 2012 EA and determined that there are no new direct, indirect, or cumulative impacts to the human and natural environment associated with the IHA requiring evaluation in a supplemental EA and we, therefore, reaffirm the 2012 FONSI.

Authorization

As a result of these determinations, NMFS has authorized the take of marine mammals incidental to GFNMS' rocky intertidal and black abalone monitoring research activities, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

National Medal of Technology and Innovation Call for 2015 Nominations

AGENCY: United States Patent and Trademark Office.

ACTION: Notice and request for nominations.

SUMMARY: The Department of Commerce (United States Patent and Trademark Office) is accepting nominations for the National Medal of Technology and Innovation (NMTI). Since establishment by Congress in the Stevenson-Wydler Technology Innovation Act of 1980, the President of the United States has awarded the annual National Medal of Technology and Innovation (initially known as the National Medal of Technology) to our nation's leading innovators. If you know of a candidate who has made an outstanding contribution to the country's economic, environmental, or social well-being through the promotion of technology, technological innovation, or the development of technological manpower, you may obtain a nomination form from: <http://www.uspto.gov/about/nmti/index.jsp>.

ADDRESSES: The NMTI nomination form for the year 2015 may be obtained by visiting the USPTO Web site at <http://www.uspto.gov/about/nmti/index.jsp>. Nomination applications should be submitted to John Palafoutas, Program Manager, National Medal of Technology and Innovation Program, by electronic mail to NMTI@uspto.gov or by postal mail to: John Palafoutas, NMTI Program Manager, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, Virginia 22313-1450.

DATES: The deadline for submission of a nomination is June 1, 2015.

FOR FURTHER INFORMATION CONTACT: John Palafoutas, Program Manager, National Medal of Technology and Innovation Program, United States Patent and Trademark Office, 600 Dulany Street, Alexandria, VA 22314; by telephone: (571) 272-9821 or by electronic mail: nmti@uspto.gov.

SUPPLEMENTARY INFORMATION:

Background

As provided by Congress in the Stevenson-Wydler Technology Innovation Act of 1980, the National Medal of Technology was first awarded in 1985. On August 9, 2007, the President signed the America COMPETES (Creating Opportunities to Meaningfully Promote Excellence in Technology, Education, and Science) Act of 2007. The Act amended Section 16 of the Stevenson-Wydler Technology Innovation Act of 1980, changing the name of the Medal to the "National Medal of Technology and Innovation." The NMTI is the highest honor awarded by the President of the United States to America's leading innovators in the
