**SUPPLEMENTARY INFORMATION:**

## I. Abstract

The 1981 Treaty Between the Government of the United States and the Government of Canada on Pacific Coast Albacore Tuna Vessels and Port Privileges (Treaty) provides for reciprocal privileges for vessels of one country to fish in waters under the fisheries jurisdiction of the other country and to use certain ports. H.R. 2584 was enacted in 2004 and amended the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) to authorize the Secretary of Commerce, with the concurrence of the Secretary of State, to issue regulations needed to carry out U.S. obligations under the Treaty. On June 1, 2004, the National Marine Fisheries Service (NMFS) implemented such regulations. The regulations require U.S. vessel operators to report their desire to be on the list of vessels provided to Canada each year indicating vessels that are eligible to fish for albacore in waters under the fisheries jurisdiction of Canada; to report in advance their intention to fish or transit before crossing the border between the U.S. and Canada, or vice versa; to maintain and submit to NMFS logbooks of catch and effort covering fishing in Canadian waters; and to mark their fishing vessels to facilitate effective enforcement. The information collection was authorized by emergency approval from the Office of Management and Budget. This collection is intended to be processed through normal procedures including full public review.

## II. Method of Collection

Fishing vessel operators and owners are responsible for providing to NMFS, by phone or in written form (fax, letter or email), information about their vessels and fishing intentions to establish eligibility for fishing in Canada's waters. Vessel operators must complete and submit paper logbooks to NMFS recording catch (by species), disposition of catch, and fishing effort (hours trolled and lines used) during their fishing in Canadian waters under the Treaty. Vessel operators must make reports to an NMFS-designated contractor at least 24 hours prior to entry to Canadian waters to fish under the Treaty and prior to returning to U.S. waters. Reports can be made by sideband radio, phone, fax, or email at any time of the day. Finally, vessel operators must mark their vessels with painted numbers and letters on the hull when fishing in Canadian waters under the Treaty.
