### Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC), Agency for Toxic Substances and Disease Registry (ATSDR) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-7570 or send an email to [omb@cdc.gov](mailto:omb@cdc.gov). Send written comments to ATSDR Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

### Proposed Project

National Amyotrophic Lateral Sclerosis (ALS) Registry—Revision (0923-0041, Expiration 7/31/13)—Agency for Toxic Substances and Disease Registry (ATSDR).

### Background and Brief Description

On October 10, 2008, President Bush signed S. 1382: ALS Registry Act which amended the Public Health Service Act to provide for the establishment of an Amyotrophic Lateral Sclerosis (ALS) Registry. The activities described are part of the effort to create the National ALS Registry. The purpose of the registry is to: (1) Better describe the incidence and prevalence of ALS in the United States; (2) examine appropriate

factors, such as environmental and occupational, that might be associated with the disease; (3) better outline key demographic factors (such as age, race or ethnicity, gender, and family history of individuals who are diagnosed with the disease) associated with the disease; and (4) better examine the connection between ALS and other motor neuron disorders that can be confused with ALS, misdiagnosed as ALS, and in some cases progress to ALS. The registry will collect personal health information that may provide a basis for further scientific studies of potentially risks for developing ALS.

After piloting methodology, on October 18, 2010 the Agency for Toxic Substances and Disease Registry (ATSDR) launched the registration component of the National ALS Registry.

The registration portion of the data collection will be limited to information that can be used to identify an individual to assure that there are not duplicate records for an individual. Avoiding duplication of registrants due to obtaining records from multiple sources is imperative to get accurate estimates of incidence and prevalence, as well as accurate information on demographic characteristics of the cases of ALS.

In addition to questions required for registration, there will be a series of short surveys to collect information on such things as military history, occupations, residential history, and family history that would not likely be available from other sources.

This project proposes to add 10 additional risk factor surveys while continuing to collect information on

individuals with ALS which can be combined with information obtained from existing sources of information. This combined data will become the National ALS Registry and will be used to provide more accurate estimates of the incidence and prevalence of disease as well as the demographic characteristics of the cases. Information obtained from the surveys will be used to better characterize potential risk factors for ALS which will lead to further in-depth studies.

The existence of the Web site (<http://wwwn.cdc.gov/als>) is being advertised by ATSDR and advocacy groups such as the Amyotrophic Lateral Sclerosis Association (ALSA) and the Muscular Dystrophy Association (MDA). There are no costs to the respondents other than their time. The estimated annualized burden hours are 1,375.

#### ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Person with ALS .....	Validation questions (Screener) for suspected ALS cases ...	1,670	1	2/60
	Registration Form of ALS cases .....	1,500	1	7/60
	Cases of ALS completing 1-time surveys .....	750	16	5/60
	Cases of ALS completing twice yearly surveys .....	750	2.3	5/60

##### Administration for Children and Families

##### Administration for Native Americans Tribal Consultation; Notice of Meeting

**AGENCY:** Administration for Children and Families, Department of Health and Human Services.

**ACTION:** Notice of tribal consultation.

**SUMMARY:** The Department of Health and Human Services (HHS), Administration for Children and Families (ACF) will host a tribal consultation to consult on ACF programs and tribal priorities.

**DATES:** July 9–10, 2013.

**ADDRESSES:** 901 D Street SW., 7th Floor Multipurpose Room, Washington, DC 20024.

**FOR FURTHER INFORMATION CONTACT:** Lillian A. Sparks, Commissioner,

Administration for Native Americans at 202–401–5590, by email at [Lillian.sparks@acf.hhs.gov](mailto:Lillian.sparks@acf.hhs.gov) or by mail at 370 L'Enfant Promenade SW., 2 West, Washington, DC 20447.

**SUPPLEMENTARY INFORMATION:** On November 5, 2009, President Obama signed the “Memorandum for the Heads of Executive Departments and Agencies on Tribal Consultation.” The President stated that his Administration is committed to regular and meaningful consultation and collaboration with tribal officials in policy decisions that have tribal implications, including, as an initial step, through complete and consistent implementation of Executive Order 13175.

The United States has a unique legal and political relationship with Indian tribal governments, established through and confirmed by the Constitution of the United States, treaties, statutes, executive orders, and judicial decisions. In recognition of that special relationship, pursuant to Executive Order 13175 of November 6, 2000, executive departments and agencies are charged with engaging in regular and meaningful consultation and collaboration with tribal officials in the development of federal policies that have tribal implications, and are

responsible for strengthening the government-to-government relationship between the United States and Indian tribes.

HHS has taken its responsibility to comply with Executive Order 13175 very seriously over the past decade, including the initial implementation of a department-wide policy on tribal consultation and coordination in 1997, and through multiple evaluations and revisions of that policy, most recently in 2010. ACF has also developed its own agency-specific consultation policy that complements the department-wide efforts.

ACF's Administration for Native Americans (ANA) will hold a tribal consultation on the morning of July 9, 2013, to discuss the reauthorization of ANA's authorizing legislation, the Native American Programs Act, and the development of data collection elements to collect information on the impact of ACF funding on the members of a tribal community.

A tribal resource day will begin the afternoon of July 9 and the ACF Tribal Consultation Session will begin the morning of July 10 and continue throughout the day until all discussions have been completed. Other ACF
