SUPPLEMENTARY INFORMATION: On January 7, 2004 (69 FR 1036), we published a proposed rule that would minimize the adverse environmental effects stemming from the construction of excess spoil fills associated with coal mining in Appalachia. The proposed rule would also clarify the circumstances in which mining activities, such as the construction of excess spoil fills, may be allowed within the "stream buffer zone" within 100 feet of a perennial or intermittent stream. The comment period on the proposed rule was scheduled to close on March 8, 2004. We have received six requests to hold public hearings on the proposed rule from representatives of the following organizations: Save Our Cumberland Mountains, Citizens Coal Council, Kentuckians for the Commonwealth, Mountain Watershed Association, Inc., Coal River Watch, and Tri-State Citizens Mining Network. We are granting their requests for public hearings and are extending the comment period on the proposed rule by 30 days in order to hold the following five hearings on the dates and locations shown below:

1. March 30, 2004, 6 p.m. to 9 p.m., Charleston Civic Center, Room 206, 200 Civic Center Drive, Charleston, WV.

These hearings will be open to anyone who would like to attend and/or testify. The primary purpose of the public hearing is to obtain your views on the proposed rule so that we can prepare a complete and objective analysis. A public hearing is not an adversarial process and, therefore, we encourage you to limit your testimony to the proposed rule. We appreciate any and all comments, but those most useful and likely to influence decisions on the final rule will be those that either involve personal experience or include citations to and analyses of the Surface Mining Control and Reclamation Act of 1977, its legislative history, its implementing regulations, case law, other State or Federal laws and regulations, technical literature, or relevant publications.

At the hearing, a court reporter will record and make a written record of the statements presented. This written record will be made part of the administrative record for the rule. If you have a written copy of your testimony, we encourage you to give us a copy. It will assist the court reporter in preparing the written record. Please do not feel intimidated by either the reporter or the formal structure of the hearing. Any disabled individual who needs special accommodation to attend a public hearing is encouraged to contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
