**National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Torch Lake Superfund Site****AGENCY:** Environmental Protection Agency.**ACTION:** Proposed rule: notice of intent.

**SUMMARY:** The Environmental Protection Agency Region 5 is issuing a Notice of Intent for Partial Deletion of the Isle Royale Stamp Tailings and Michigan Smelter Tailings parcels of OU3 and the Mason Sands parcel of OU1 of the Torch Lake Superfund Site (Site) located in Houghton County, Michigan, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). EPA and the State of Michigan, through the Michigan Department of Environmental Quality (MDEQ), have determined that all appropriate response actions under CERCLA have been completed. However, this deletion does not preclude future actions under Superfund.

This partial deletion pertains to the surface tailings, drums and slag piles of Isle Royale and Michigan Smelter tailings parcels of OU3 and the Mason Sands parcel of OU1. The following parcels will remain on the NPL and are not being considered for deletion as part of this action: Dollar Bay, Point Mills, Calumet Lake Tailing, Boston Pond Tailings, North Entry and Quincy Smelter.

## SUPPLEMENTARY INFORMATION:

### A. Background

The conference lodging allowance allows travelers to exceed the maximum lodging per diem rate by up to 25 percent when attending conferences sponsored by a Federal agency. Unlike the actual expense provision which mandates that an agency official must approve these requests, there is no such mandate for allowing the use of the conference lodging allowance. To allow agencies to get a firmer grasp on how their travel dollars are used, GSA is proposing to remove the conference lodging allowance provision from the FTR.

### B. Executive Order 12866 and Executive Order 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives, and if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This proposed rule is not a major rule under 5 U.S.C. 804.

### C. Regulatory Flexibility Act

This proposed rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the revisions are not considered substantive. This proposed rule is also exempt from the Administrative Procedure Act per 5 U.S.C. 553(a)(2)

because it applies to agency management or personnel. However, this proposed rule is being published to provide transparency in the promulgation of Federal policies.

## D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FTR do not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget (OMB) under 44 U.S.C. 3501, *et seq.*

## E. Small Business Regulatory Enforcement Fairness Act

This proposed rule is also exempt from Congressional review prescribed under 5 U.S.C. 801 since it relates solely to agency management and personnel.
