ACTION: Proposed rule, request for comments.

SUMMARY: NMFS has received a request from the U.S. Army Corps of Engineers, for Incidental Take Regulations (ITR) and Letter of Authorization (LOA) pursuant to the Marine Mammal Protection Act. Purpose and Need for Regulatory Action

This proposed rule, if adopted, would establish a framework under the authority of the Marine Mammal Protection Act (MMPA) (16 U.S.C. 1361 *et seq.*) to authorize, for a 5-year period (2027-2032), take of marine mammals incidental to the USACE's construction activities associated with the Lower Columbia River (LCR) Dredged Materials Management Plan (DMMP). NMFS received an application (the Application) from the USACE requesting 5-year regulations and an LOA to take 3 species of marine mammals. Take would occur by harassment only, incidental to impact and vibratory pile driving. Except with respect to certain activities not pertinent here, section 3(18) of the MMPA defines "harassment" as any act of pursuit, torment, or annoyance, which (i) has the potential to injure a marine mammal or
