

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****Lake Champlain Sea Lamprey Control Alternatives Workgroup**

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meeting.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce a meeting of the Lake Champlain Sea Lamprey Control Alternatives Workgroup (Workgroup). The Workgroup's purpose is to provide, in an advisory capacity, recommendations and advice on research and implementation of sea lamprey control techniques alternative to lampricide that are technically feasible, cost effective, and environmentally safe. The primary objective of the meeting will be to discuss potential focus research initiatives that may enhance alternative sea lamprey control techniques. The meeting is open to the public.

DATES: The Lake Champlain Sea Lamprey Control Alternatives Workgroup will meet on Monday, June 4, 2007, from 10 a.m. to 2 p.m.

ADDRESSES: The meeting will be held at the State University of New York, Valcour Educational Conference Center, 3712 Route 9—Lakeshore, Plattsburgh, NY 12901.

FOR FURTHER INFORMATION CONTACT: Dave Tilton, Designated Federal Officer, Lake Champlain Sea Lamprey Control Alternatives Workgroup, Lake Champlain Fish and Wildlife Resources Office, U.S. Fish and Wildlife Service, 11 Lincoln Street, Essex Junction, VT 05452 (U.S. mail); 802-872-0629 (telephone); or Dave_Tilton@fws.gov (electronic mail).

SUPPLEMENTARY INFORMATION: We publish this notice under section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App.). The Workgroup's specific responsibilities are to provide advice regarding the implementation of sea lamprey control methods alternative to lampricides, to recommend priorities for research to be conducted by cooperating organizations and demonstration projects to be developed and funded by State and Federal agencies, and to assist Federal and State agencies with the coordination of alternative sea lamprey control research to advance the state of the science in Lake Champlain and the Great Lakes.

Dated: April 25, 2007.

Linda Repasky,

Acting Regional Director, U.S. Fish and Wildlife Service, Hadley, Massachusetts.

DEPARTMENT OF THE INTERIOR**Bureau of Land Management****DEPARTMENT OF AGRICULTURE****Forest Service****Notice of Availability of the Final Environmental Impact Statement (FEIS) for the Buckman Water Diversion Project, Santa Fe County, New Mexico**

AGENCIES: Bureau of Land Management, Interior and Forest Service, Department of Agriculture.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA), as amended, (Pub. L. 91-190, 43 U.S.C. 4321 *et seq.*) the Bureau of Land Management (BLM), Taos Field Office and USDA Forest Service (Forest Service), Santa Fe National Forest, announce the availability of the FEIS for the Buckman Water Diversion Project. The FEIS analyzes the environmental consequences of a proposal to divert water from the Rio Grande.

DATES: The Buckman Water Diversion Project FEIS will be available for review and comment for 30 calendar days starting on the date the Environmental Protection Agency (EPA) publishes the Notice of Availability (NOA) in the **Federal Register**. The BLM and Forest Service can best utilize your comments and resource information submissions within that 30-day comment period.

ADDRESSES: Comments on the FEIS may be submitted as follows:

1. Electronic comments may be submitted at NM_Comments@nm.blm.gov. Please do not use special characters or attachments, as the BLM e-mail security system may not accept them.

2. Written comments may be mailed or delivered to the BLM at: Buckman Water Diversion Project FEIS, Project Manager, Bureau of Land Management, Taos Field Office, 226 Cruz Alta Rd., Taos, NM 87571.

The BLM will only accept comments on the Buckman Water Diversion Project FEIS if they are submitted using one of the methods described above. To be given consideration, all FEIS comment submittals must include the

commenter's name and address. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Our practice is to make comments available for public review at the BLM—Taos Field Office during business hours (7:45 a.m. to 4:30 p.m.), Monday through Friday, except for Federal holidays. Copies of the FEIS have been sent to affected Federal, State, and local government agencies, Tribal governments, and interested parties. The document will be available electronically at the following Web site: <http://www.blm.gov/nm>.

Copies of the FEIS will also be available at the following locations:

- Bureau of Land Management, New Mexico State Office, 1474 Rodeo Road, Santa Fe, NM 87505.
- Bureau of Land Management, Taos Field Office, 226 Cruz Alta Rd., Taos, NM 87571.
- Forest Service, Santa Fe National Forest, 1474 Rodeo Road, Santa Fe, NM 87505.
- Forest Service, Espanola Ranger District, 1710 North Riverside Dr., Espanola, NM 87533.
- City of Santa Fe, Sangre de Cristo Water Division, 801 West San Mateo, Santa Fe, NM 87504.
- Santa Fe County, Utilities Department, 205 Montezuma Ave., Santa Fe, NM 87501.
- USDI Bureau of Reclamation, 555 Broadway Ave. Albuquerque NM 87102.

FOR FURTHER INFORMATION CONTACT: Ms. Sher Churchill, Bureau of Land Management, Planning and Environmental Coordinator, Taos Field Office, 226 Cruz Alta Rd., Taos, NM 87571 or Mr. Sanford Hurlocker, Forest Service, District Ranger, Espanola Ranger District, P.O. Box 3307, Espanola, NM 87533. Ms. Churchill and Mr. Hurlocker can be reached by telephone at 505.751.4725 and 505.753.7331, respectively. Requests for information may be submitted electronically at <http://www.blm.gov/nm>.

SUPPLEMENTARY INFORMATION: The project area is located northwest of Santa Fe, New Mexico. If authorized, the project would be predominantly located on public lands administered by the Bureau of Land Management and the Forest Service; a relatively small portion of the project facilities would be located
