

Description of the need for the information and proposed use: The documents requested are used to determine the eligibility of a reverse mortgage loan application and property requirements for FHA's mortgage insurance. This collection also contains disclosure requirements that will provide the prospective borrower with statutory and regulatory information needed to explain the financial implications of and alternatives to a HECM; the costs associated with obtaining a reverse mortgage; due and payable conditions and other relevant information necessary to determine if this type of mortgage transaction is for the sole benefit of the borrower. Without these documents, HUD would have difficulty in determining the eligibility of a loan application and property, thus, jeopardize the insurance fund.

Title of Proposal: Mortgage Record Change.

OMB Control Number, if applicable: 2502-0422.

Description of the need for the information and proposed use: The Mortgage Record Change information is used by FHA-approved mortgagees to comply with HUD requirements for reporting the sale of a mortgage between investors, the transfer of the mortgage servicing responsibility, and a change in

mortgagors, as appropriate. The information required is used to update HUD's Insurance System and other related systems. Current data is necessary to establish mortgage premium liability, forward annual premium mortgage data to the appropriate mortgagee/servicer, and maintain premium receivables and program data regarding investors/servicer activity. Without the required data, the premium collection/monitoring function would be severely impeded and program data would be unreliable. This information is essential because HUD does case level accounting in recording premium payments by mortgagees.

Agency form numbers, if applicable: HUD-92080 is used for multifamily loans only. Information for single family loans is collected 100% electronically.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The public reporting burden for this collection of information is estimated to be 160,025 hours annually. An estimated 2,600 respondents file 1,600,025 responses annually, and the time needed to provide the information is 6 minutes on average.

Status of the proposed information collection: Extension of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: June 22, 2007.
